DARKNESS CURTAINS SLAYER

Unidentified Man Is Shot to Death During Night and Murderer Escapes

Robbery Not Motive of Crime and the Police Whisper 'Black Hand'

SAN FRANCISCO, Aug. 8.—Two bullet wounds inflicted by a revolver in the hands of an unknown assailant, killed an unidentified man instantly on Brannan street, shortly before 1 o'clock this morning. Although two persons heard the shots and rushed to the scene the murdered made his escape.

The crime has all the aspects of being the work of the so-called "black hand," as robbery evidently was not the motive. B. Annibelli of 14 Brannan street, heard the report of the two bullets and ran from his home to see what was the trouble. But a few feet from his doorstep he found the body just as Mrs. L. Turito, of 517 Union street, came around the corner to learn the cause of the shooting.

CULPRIT IS UNSEEN.

Neither saw the culprit and the police, who arrived on the scene quickly, set out in search of him. It took but a few moments for a crowd to gather in the Italian quarter and the pistol wielder slipped through and got away. The dead man was between 35 and 40 years old, smooth shaven, full features and dark hair. He looks like Sicilian. He wore a brown suit with a fancy white vest with green trimmings. His shoes were of patent leather and he wore a white collar and white mixed shirt.

In his trousers pocket he carried $100 in currency. There was no small change nor coins of any kind and this fact is regarded as significant. Neither the money or his gold watch was disturbed.

The police say it might have been chance that he had $100 in bills, but that he might also have gone to the place to meet someone and pay over the money brought for blackmail.

A number of papers, believed to have been on the dead man because of cards dropped in flight, may have been stolen by the murderer. An additional clue to the identity of the deceased is a $5 gold piece worn as a locket.

100 MINERS KILLED, IS FEAR

Forty Dead Bodies Are Taken From Pit in Germany Following Explosion

656 Men Imperiled in Lorraine Mine; Many Imprisoned in Depths

BUCHUM, Germany, Aug. 8.—A fire damp explosion which imperiled the lives of 650 miners occurred in the Lorraine pit near Gerthe today. Many of the men were rescued, but it is feared more than 100 have been killed.

Forty bodies have been recovered, but the rescue parties were unable to enter the gallery in which the fire damp explosion occurred, where it is believed from fifty to 100 men still were entombed.

Many of those rescued are suffering from severe injuries and it is expected that several cannot recover.

The rescue detachments which did such good work at the time of the French mine disaster at Courrieres, near Lens, March 10, 1906, when 1230 miners were killed, arrived here, but were unable to penetrate the galleries owing to the flames and poisonous gases.

The wives and families of the doomed miners were gathered around the pit head all day, but were unable to learn any details as the officials of the mines refused information.

The day shift had just descended and was being distributed along the various levels when a serious fire damp explosion occurred. The detonation was heard at the surface and the officials on duty immediately formed rescue parties.

THIRD PARTY CAMPAIGN PLANNED

Roosevelt and Johnson, Convention Nominees, Will Stump Country

Colonel Goes to New York to Await Speechmaking Tour

CHICAGO, Aug. 8.—If in the tumult and shouting yesterday at the national Progressive convention Colonel Roosevelt had any doubt that he was effectively nominated for the presidency, he was reassured today when a committee of notification met him at his hotel

Though the colonel had been "informally" notified when he went to the convention and delivered his speech of acceptance, the delegates who had been selected from the states and territories as a formal notification committee wished to carry out their part of the program.

Roosevelt was the center of a lively group in the hotel lobby when the committee arrived. He, with Governor Johnson of California, the nominee for vice-president, and Albert J. Beveridge, the Progressive candidate for governor of Indiana and permanent chairman of the convention, had just come from a photograph gallery, where they had pictures taken to be used in the campaign. In one picture the presidential nominee posed with a group of cowboys.

While in the lobby of the hotel Colonel Roosevelt espied an old friend in the crowd.

"Come here, you old wolf," the Colonel said, as he grasped his friend, Albert Burton of Wyoming, by the hand.

Colonel Roosevelt and Governor Johnson were then escorted to a room where members of two notification committees, there being also one for the vice-president, filed in and shook hands. The ceremony soon was over and then the nominees gathered with the members of the national committee which had assembled to complete its organization and make campaign plans.

PLAN CAMPAIGN.

CHICAGO, Aug. 8.—Colonel Theodore Roosevelt, nominee for President of the Progressive party, and the active members of his campaign remained in Chicago today, although most of the delegates to the third party's national convention had started for their homes. Members of the notification committee appointed by the various state delegations also remained in the city, together with the members of the Progressive national cmommittee.

The national notification committee met Colonel Roosevelt and Governor Johnson of California at a reception arranged in their honor. The notification really took place last night at the Coliseum, when the two heads of the party appeared before the cheering throng at the national convention.

The members of the national committee planned to hold an important meeting although they had been in conference last night when United States Senator Joseph M. Dixon of Montana was selected as chairman and O. K. Davis of Washington was named secretary. Davis, who was in charge of the Progressive party publicity department, was general secretary of the national convention.

Colonel Roosevelt, who repeatedly expressed his satisfaction at the outcome of the convention, leaves for New York this afternoon at 2.30. He will rest there until the beginning of the campaign, when he will make a tour of the Western States and make speeches for the new cause while Gov-

Congressman Knowland Returns From Capital

Fresh from his trumphs in Washington, where, during the present session of Congress, he has made himself a nation-wide reputation as having been the man who initiated and carried to a successful conclusion the most important and far-reaching piece of legislation introduced in this or the preceding Congress, the Panama Canal bill—Congressman Joseph R. Knowland arrived in Oakland this afternoon. He went at once to his home in Alameda. Mrs. Knowland accompanied him home.

The refusal of the Senate to strike out the Knowland section remitting tolls to American ships is the end of the struggle which ended in success. Although the majority of the commerce committee of the House reported against this section Knowland, after a long and hard fight with the committee on the floor, won. When the Senate reported adversely on this same measure Knowland still stayed with the fight, finally bringing it to a successful conclusion.

The land upon which the old structure stands, together with the triangular park at the San Pablo avenue, Broadway and Fourteenth street gore, was purchased by Mayor Spaulding's administration for $17,000. Land to the west which is now partially occupied by 50 feet of the new city hall and the Capwell building fronting on Clay street was offered to the city at that time for $10,000 more. Today the purchase, including the 50 feet bought for the erection of the new city hall, is conservatively estimated as worth $2,500,000. It could not, of course, be purchased at any price from the city.

WEBBER UNDER GUARD IN PRISON

Confession Wins Him Many Threats of Death

NEW YORK, Aug. 8.—Cumulative evidence piling up before the grand jury investigating police blackmail is said today to involve four or five high police officials. Witnesses examined by District Attorney Whitman have furnished such corroboration to the confession of "Jack" Rose, who gave a list of gamblers upon whom he charged Police Lieutenant Becker levied blackmail.

Several gamblers were before the public prosecutor and unwillingly admitted they had paid blackmail to certain inspectors. One told Whitman he had been threatened with death if he went before the grand jury and gave information about the police. These witnesses said the inspectors in question dealt directly with the big gambling houses, leaving Lieutenant Becker to attend to the smaller places

EXAMINED BOOKS.

The district attorney said evidence would be presented to the grand jury against several police inspectors. One of these is said to have kept such close watch on the gambling houses that he even examined their books and made them pay blackmail according to their profits.

"Bridgie" Webber now admits he also collected tolls from certain uptown gambling houses for a police inspector. Webber's life has been threatened and District Attorney Whitman has provided him with a special guard. "Whitey" Lewis, first of the gangsters charged with murder, is also heavily guarded

Rose has sent word to the public prosecutor that he is prepared to identify the four murderers of Herman Rosenthal. Until now Rose was not ready to say that he could positively identify the gunmen.

USE ROCKEFELLER EVIDENCE.

As a welcome reinforcement to the data available for the probing of police graft in New York City District Attorney Whitman found himself today in possession of a great mass of information collected by detectives

SLAYER FOUND DEAD NEAR SCENE OF AWFUL CRIME

Stepfather's Brother, Left at Home With Children, Kills Himself With Rifle

Signs of Desperate Struggle Seen on Every Hand at Steiner's Flat Cabin, On the Trinity River

WEAVERVILLE, Cal., Aug. 8.—The body of George Lorenz, with the top of the head blown off, was found today beneath a pine tree, 300 yards from the scene of the murder of Kate and Elba Gould, sisters, 13 and 16 years old, whose bodies were found yesterday at their home at Steiner's Flat, four miles down Trinity river from Douglas City. They had been shot. The cabin, where the body of Elba Gould was found, showed that the girl made a desperate struggle for life. The body of the younger girl was found fifty feet away.

Lorenz, who was a brother of the girl's stepfather and the rejected suitor of Elba Gould, used a rifle in taking his life. The girls had been killed with an automatic revolver. The three bodies were sent to Weaverville where an inquest will be held tonight.

The girls were the daughters of Mrs William Lorenz by a former marriage. George Lorenz, brother of William Lorenz, is declared to have been insanely jealous of Elba Gould, who, it is said, did not welcome his attentions.

SIGNS OF INSANITY.

He was left at home with the girls yesterday. Lorenz was 37 years old and, according to friends of the family, recently has shown indications of insanity.

The bodies were discovered by a passerby who saw the body of the younger sister in the roadway in front of the cabin. The body and arms of the older girl bore the finger prints of the assassin. She had been shot twice, once over the right eye and once through the temple.

William Lorenz, who had gone down the river a mile to work on his claim, was told of the murder as he returned. Mrs. Lorenz, who had gone to Douglas City to spend the afternoon, was notified and the police were summoned from Weaverville.

SCOUR THE WOODS.

Searching parties scoured the woods until late last night, but found no trace of Lorenzat that time.

The Lorenz family came here from San Francisco three months ago and were joined a few days ago by George Lorenz. Friends noted his strange actions and comment was made freely regarding his infatuation for the older sister.

William and George Lorenz are sons of a pioneer family of this county, the former spending his summers, with his family, in mining operations in this vicinity, and the winters in San Francisco. Mrs. Lorenz is the owner of the Hotel Lorenz in Redding.

Sends Funds That Will Enable Her to Pursue Musical Studies Abroad.

BERKELEY, Aug. 8.—Helped by a benefactress whom she has never even seen, Miss Muriel Andrews of this city is to be enabled to pursue in Europe for a year her studies on the violin. A party of several young women from this coast had planned to leave under the direction of Madame Eileen O'Moore, a local teacher, for Germany. From lack of funds Miss Andrews was unable to accompany the party.

Appeals were sent out by Mrs. O'Moore to several acquaintances and from one of these, Miss Sybil Anderson of New York city, the necessary aid has come. Miss Anderson sent the letter to her sister, Mrs. L. Grimmell, of Salt Lake, from whom came a check just yesterday that gladdened Miss Andrews' heart.

The party will leave Sunday on the Shasta Limited, sailing from Quebec August 23. Besides Miss Andrews the party will include the Misses Lola Gwin, Clare McClure, Maude Mayenbaum and Carrie Weston.

ROOSEVELT AND JOHNSON WILL STUMP COUNTRY

Progressives Launch Into Active Campaign Plans

(Continued from Page 1.)

ernor Johnson is doing the same thing in the Eastern States.

The Progressives launched into their active campaign plans with a vim. Some of the state delegations did not wait until they had returned to their homes to begin the work of organization of their states.

The Wisconsin and other delegates met immediately after adjournment of the convention and selected a state chairman and state secretary and state executive committee. In several cases leaders telegraphed orders before departing from Chicago for the beginning of active campaign work.

The national leaders planned today to go into all the details of organization for the national campaign, including the location of headquarters, the mapping out of speaking tours by well-known Progressives and the subject of finances. George W. Perkins of New York and others declared there would be no trouble in arranging for adequate financial support.

Miss Jane Addams of Chicago and other suffragette leaders were among those who expressed more than hope for the Progressives in the fall elections. Many predicted that the aid of the suffragettes would be one of the biggest factors in the final determination of the presidential election.

FOUR HEADQUARTERS.

The national committee discussed and probably will adopt a plan of campaign with four vice-chairmen, each to be in charge of a separate section of the country. The four headquarters probably will be in New York, San Francisco, Chicago and New Orleans.

At a special conference attended by George W. Perkins of New York, Senator Joseph M. Dixon, chairman of the Progressive National Committee, and Beveridge, the four-sectional plan originated and submitted to the full committee.

Perkins, it is reported, will be chosen chairman of the campaign executive committee with permanent headquarters in New York. Senator Dixon will be made managing director of the campaign and will travel throughout the country.

Colonel Roosevelt did not remain with the national committee through its deliberations, saying he wanted the committee to choose its own officers and managers.

The national committee decided to remain in session here until Saturday night to complete details of the campaign.

The executive committee, to be headed by Perkins, will not be named for several days. It is practically settled that the membership will include Judge Ben B. Lindsey of Colorado, Colonel J. M. Parker of Louisiana, Charles H. Thompson of Vermont and Meyer Lissner of California.

Colonel Roosevelt and his associates have decided to make their first big national fight in Vermont, where the state election takes place in September. Vermont they regard as a Taft stronghold.

CHOSEN BY ACCLAMATION.

Governor Carey of Wyoming yesterday afternoon moved to suspend the rules and declare Theodore Roosevelt the nominee of the convention for president.

"Does the chair hear a second by two states?" demanded Beveridge, and a roar swept the hall.

"If it did not take so long I would name all the states as seconding the motion," said Beveridge.

"Those in favor of the motion will answer 'aye.'"

From the floor there arose a rolling roar of "aye."

A dull silence greeted the call for "noes."

"The ayes seem to have it," began Beveridge and a cheer interrupted him.

"The ayes have it," he concluded when he could be heard, "and Theodore Roosevelt is declared the nominee of this convention."

Beveridge halted an incipient demonstration and John M. Parker of Louisiana took the platform to nominate Governor Hiram Johnson of California for vice-president.

CHEERS FOR JOHNSON.

Parker's speech was brief and when he concluded a demonstration for Johnson began. Again the aisles were choked with yelling delegates and again the state standards were swung over the crowd.

Medill McCormick from the platform led cheers for Johnson.

The musical director brought out his cornets and trombones and the convention sang "Columbia, the Gem of the Ocean."

After fifteen minutes of noise Chairman Beveridge restored quiet and Judge Ben B. Lindsey of Colorado was recognized to second the nomination of Johnson. Lindsey, who had himself been mentioned for vice-president, was greeted with a long cheer.

"Good sport," shouted a delegate as Lindsey declared he had been for "Roosevelt and Johnson" in the Republican convention and that he was still for them.

As he closed Lindsey moved that the nomination of Johnson be made by acclamation. But Beveridge reserved the right to put the motion later and recognized Charles S. Wheeler of California, who, on behalf of that state, seconded the nomination of Johnson.

STATE GIVES JOHNSON.

He asserted that the state "freely, instinctively and proudly would give Johnson to the nation."

After arguing that the East and the West would stand behind Roosevelt and Johnson, Wheeler concluded with the quotation:

For there is neither east nor west
Border, nor breed, nor birth,
When two strong men stand face to face
Though they come from the ends of the earth.

A roar of applause followed Wheeler's speech, and James R. Garfield of Ohio rose to second Johnson's nomination. He praised Johnson's activities in the Republican national convention and his work in California.

Fairbridge Colby of New York followed Garfield. Then came former Representative Frederick W. Landis of Indiana, Raymond Robbins of Illinois, Gifford Pinchot, representing Pennsylvania, Governor R. S. Vessey of South Dakota, William Flinn of Pennsylvania and F. L. Gleed, a negro delegate from New York.

Chairman Beveridge then put the motion of Judge Lindsey to nominate Johnson by acclamation.

The motion was greeted with a roar of "ayes."

"As permanent chairman of this convention," declared Beveridge, "I hereby declare Theodore Roosevelt of New York to be the candidate of this convention for president of the United States and Hiram W. Johnson of California for vice-president."

The formal motions of thanks to officers of the convention were adopted and Beveridge ordered the notification committee to bring in the candidates.

LEADERS TAKE SEATS TOGETHER

As Colonel Roosevelt and Governor Johnson took their places, side by side, on the platform, a demonstration broke loose. The delegates leaped to their chairs and cheered. Colonel Roosevelt waved his hand to the crowd, but Johnson stood, evidently a trifle ill at ease.

Over the heads of the two candidates a huge banner was unfurled with the inscription.

Roosevelt and Johnson—New York and California—Hands across the continent

For there is neither east nor west,
Border, nor breed, nor birth.

When two strong men stand face to face,
Though they come from the ends of the earth.

The band struck up "Maryland, My Maryland," and the delegates sang a paraody called "Roosevelt."

Then followed "The Battle Hymn of the Republic."

The demonstration lasted 10 minutes, and when order was restored Beveridge introduced Roosevelt as "the next president of the United States."

ACCEPT NOMINATIONS.

Colonel Roosevelt made a brief speech of acceptance. He was roundly cheered as he eulogized Johnson.

"We have nominated a proper man for the vice-presidency," he said. "We have nominated a man fit at the moment to be president of the United States."

When the cheers that greeted the close of Roosevelt's speech subsided, Beveridge introduced Johnson.

"It is with the greatest solemnity," he began, "that I come here to tell you that I enlisted for the war."

A cheer interrupted him.

He pledged himself to aid Roosevelt in the "fight for the common good," and concluded:

"I had rather go down to defeat with Theodore Roosevelt than to victory with any other presidential candidate."

When Johnson finished, Beveridge announced that the convention would end its session by singing the Doxology and by listening to benediction by Rev. James Goodman.

The delegates, standing in their places, joined in the chanting of the old hymn.

As it died away the Rev. Mr. Goodman stepped forward and invoked the divine blessing.

Then Beveridge, stepping to the front of the plataform, announced the adjournment of the convention "without day."

"And thus ends," he said, "one of the most notable occasions in the country's history."

THIRD PARTY MEN CLASH IN SESSION

Washington Convention Opens to the Tune of Much Fighting.

TACOMA, Wash., Aug. 8.—With delegates and proxies representing fifteen counties present, the state Progressive convention called in protest against the plan of a full third party ticket adopted at a conference of Progressives held here recently, convened in Tacoma last night. After a three-hour session, marked by heated depate, the ejection of a man from the hall for disorderly conduct and a personal clash between N. S. Richards of Chehalis and Thomas Revelle of King county, the convention accomplished nothing more than the naming of a committee of five to meet today the so-called "tea room committee" of third party state ticket men in Seattle.

George Walker, of Seattle, who was chairman of the Roosevelt convention at Aberdeen, was given the honor of presiding and R. A. B. Young, of Tacoma was elected secretary. When the roll was called no response was received from 21 counties.

A motion by Dix H. Rowland of Tacoma that no third party ticket be placed in the field except for presidential electors unlossened a flood of oratory which continued until adjournment, without definite action being taken.

The following telegram from S. C. Snyder, chairman of the Roosevelt campaign committee, who is at Chicago, attending the Progressive convention, was read.

"With Senator Poindexter we have consulted with Chairman Dixon and all agree that the Washington Progressive should await a call for a thoroughly representative convention to decide all questions. Meanwhile do not do anything to embarass free action. Action means sure victory."

FEARS PRECIPTATE ACTION.

A similar telegram to Charles R. Case of Seattle, reads:

"I urge against precipitate action. A thoroughly representative state convention will be called with powers broad enough to satify all. The national convention cannot dictate but Poindexter and Dixon urge further deliberation before binding action. (Signed) "EDGAR C. SNYDER."

Dramatic incidents centered about the speech of N. S. Richards of Chehalis. He declared that there would be no third party in Chehalis county and made charges that certain newspapers are back of the third party movement.

To the latter statement Thomas Revelle replied, declaring it "unqualifiedly false." Richards advanced toward Revelle with clenched fists, demanding "do you mean to call me a liar?"

Revelle disclaimed any such intention and peace was restored.

Chairman Walker appointed Lorenzo Dow and Read of Pierce county, Dilling of King, Duryea of Snehomish and Corey of Lewis, members of a committee, to meet with the third party committee at Seattle, and then adjourned to await the return of the delegates from Chicago.

Read Roosevelt Men Out of Old Party

GREENSBORO, N. C., Aug. 8.—The adoption of a resolution which has the effect of reading out of the party organization all Republicans who do not endorse the candidacy of President Taft regardless of their attitude toward state or county tickets was the feature of the meeting of the state Republican committee here yesterday.

LOUISVILLE, Ky., Aug. 8.—Kentucky's Republican state central committee yesterday adopted a resolution reading all former Republicans, new turned Progressives, out of the party. A picture of Colonel Roosevelt was ordered removed from state headquarters.

CHICAGO, Aug. 8.—William Flinn of Pittsburg, the Roosevelt leader in Pennsylvania, announced last night that he would support the regular Republican state ticket in Pennsylvania this fall but would support the Roosevelt electors on the "Washington" party ticket as opposed to the Taft electors, who will be named on the Republican ticket.

The platform in brief is as follows:

Demands Panama canal shall be so operated as to insure sea competition with trans-continental railroads and urges that railroad-controlled ships be denied the use of the canal.

Declares that a protective tariff which shall equalize conditions of competition between the United States and foreign countries for all classes, demands tariff revision because the present tariff is unjust to the people of the United States, and pledges party to the establishment of a non-partisan, scientific tariff revision.

Condemns Payne-Aldrich bill and the Democratic party's tariff policy as "destructive of the protective system."

J. B. MUNJAR, MANAGER OF GIRARD PIANO CO., WHICH HAS PURCHASED BUSINESS OF BUSEY-MIHAN FURNITURE CO., AND MRS. DORA GIRARD, HEAD OF FIRM.

Final papers were signed today for the sale of the lease, stock and fixtures of the Busey-Mihan Furniture Company, of 517 Fourteenth street, to the Girard Piano Company, a concern headed by Mrs. Dora Girard, one of the few women in control of so large a business in this country.

The lease of the premises on Fourteenth street was purchased for $12,500, the cost of the stock and fixtures making the total consideration approximately $100,000. The lease is to run for nine years longer.

The Girard Piano Company has been established in Oakland for the last thirty-five years, the local store being the only one conducted by the firm. For the past two years Mrs. Girard has had active charge of the business, which was conducted by her husband until his death seven years ago. In accordance with her ambitions for expansion of the business, it has been decided to deal in house furnishings as well as musical instruments, "everything for the home being the plan of the company as far as its stock is concerned. The present stock of the piano house at 1435 Broadway will be closed out during the ensuing month at that location, although the firm will take charge of the Busey-Mihan establishment at once. It will continue to carry a large stock of panos and graphaphones.

The sale was conducted by Sidney Klein, areal estate broker, acting for both parties, while J. B. Munjar, manager of the Girard Piano Company and John Gordon, financial secretary, represented that firm. Munjar until a short time ago was store manager for Eilers' music house in Oakland and other cities. The personnel of the firm will not be changed other than by the election of the new board of directors in the near future.

The Busey-Mihan Furniture Company has been located on Fourteenth street for about one year. Under the name of Busey & Reed, the business was formerly conducted in the building now occupied as a city hall annex on Broadway, near Seventeenth street.

Paves Gallows Road For Companion; Dies

End Comes to Man Who Turns State's Evidence in Murder Case.

CHICAGO, Aug. 8.—Death overtook William Hightower, today, within twenty-four hours after he had given testimony which may send a companion to the gallows. Hightower, a consumptive, was on trial with John Collins for the murder of William Gloor, a saloonkeeper, and turned state's evidence on promise of immunity, which, it turned out, meant just overnight.

Sitting in a wheel chair and attended by a physician, Hightower, speaking in a whisper to the jury, swore that Collins fired the shot that killed Gloor. A verdict in the case was expected this afternoon.

ALLEGED BAD CHECK PASSER TO BE TRIED

C. H. Westcott, who was a partner to Isadore Schule in alleged wholesale check passing operations that have extended from San Diego to San Francisco, was held to answer to the Superior Court today by Police Judge George Samuels, with bonds fixed at $2000, which the defendant failed to produce. The specific charge against Westcott in this city is of drawing a check in the name of M. C. Vaughn to the amount of $31.50 and passing it on the Park Shoe company. He was arrested in the Turpin hotel, in San Francisco, and a complete outfit of rubber stamps and a perforator, together with quantities of blank checks, were found.

WOMEN'S FIRE BRIGATE SUBDUES GRASS BLAZE

A women's fire brigade was organized by Miss Helen Reveal, a society girl of Claremont, when a grass fire threatened the destruction of a garage and several homes yesterday afternoon. The blaze started in the yard of the home of Dr. Thomas Clark and was eating into the walls of the Clark barn when it was discovered. The barn is close to the Reveal garage, where a large amount of gasoline is stored, together with several automobiles. Equipped with brooms, blankets, garden hose and rugs the women swarmed out to their task. Before the fire department arrived on the scene the blaze was well under control.

He stated that notice had been served upon offenders to move within ninety days, but that instead a number of them had encroached still further upon the street. He asked that the street department take up the matter and restore them. In some instances as much as 15 feet of city property has been utilized by property owners in their back yards. BECKER DEEP IN SEA OF CHARGES

Police Lieutenant Accused On All Sides by Fellow Prisoners.

(Continued from Page 1.)

employed by John D. Rockefeller Jr. in his investigation of the white slave evil.

The Rockefeller investigation began when Rockefeller was chosen foreman of the grand jury which probed charges of a widespread white slave traffic, and has been quietly going on ever since. Rockefeller believing that some well-ordered and persistent efforts should be made without any blaring of trumpets, to bet at the inwardness of the evil.

It is said that one of the Rockefeller detectives opened a pretended disorderly house and obtained evidence against a police inspector who is said to have received $600 a month for his protection.

BECKER'S FRIENDS HAPPY.

Friends of Lieutenant Charles A. Becker, held a prisoner in connection with the Rosenthal murder, expressed gratification yesterday over the conviction of two men upon evidence obtained by Becker's men in a raid which he himself conducted upon a poolroom maintained at Sam Paul's place, the Sans Souci.

Policeman Herman Schwartz of Becker's raiding squad, testified that Becker gave him money and told him to go to Paul's and get evidence. Schwartz bought and cashed some of his bets.

He then arrested the two men behind the cashier's window, David Levine and Morris Golden. They are now in the Tombs awaiting sentence. Three other men arrested in a previous raid on the same place were discharged for lack of evidence.

While Rockefeller and his agents decline to discuss the matter of his complimentary inquiry into the condition in the underworld, particularly as to the so-called white slave traffic, and District Attorney Whitman will furnish no details, it is generally credited that through the establishment of what purported to be a disorderly house in the tenderloin, agents for Rockefeller have gathered a great deal of valuable matter. It was gathered primarily for reports to Congress and the legislature as a basis for corrective legislation dealing with the traffic in girls. Coincidentally it dove-tailed with the present inquiry into the Rosenthal case in that it is said evidence was obtained that a police inspector was getting $600 a month from such resorts for protection.

This data will be at Whitman's disposal to use along with the confession of "Bald Jack" Rose and others. It is thought probable that the district attorney and Mr. Rockefeller will hold a conference soon.

CHURCH WOMEN TO HOLD SALES

Table Delicacies Will Be Provided at St. Peter's Chapel.

The sale has been sanctioned by the vicar, Rev. Edward Everett, and a committee of women is industriously preparing for the first day's business. MAN AND FORMER WIFE ARE SHOT

Two Seriously Injured In Battle In Lodging House Room.

SAN FRANCISCO, Aug. 8.—A mysterious shooting in the lodging house at 2735 Mission street, the result of a quarrel between Modesto Asuna, a motorman for the United Railroads, and his divorced wife, Mrs. May Price, resulted in the serious injury of both shortly after 7 o'clock this morning.

At first neither of the parties to the affray would make a statement to the police, and it was only after considerable difficulty that the two versions of the shooting, as held by each side, were obtained. When officers arrived at the scene of the fracas Mrs. Price had already been removed to her home, 5765 Lisbon street, and Asuna had been taken to St. Luke's hospital.

There were bullet holes in the ceiling of the room. The floor was covered with blood and furniture and fixings were overturned. According to the story told by Mrs. Price she married Asuna about ten years ago but divorced him in 1911. Last night, she says, he telephoned to her to go and see him and when she called at his apartments at 11 o'clock spoke to her about adopting a child.

He then made overtures to her to return to him, she asserts, but she refused and remained throughout the night in the apartment of another woman.

At 5 o'clock this morning she visited him again and claims that he drew a revolver and shot her. She struggled with him for the possession of the weapon, which was discharged a number of times.

Asuna's wound is more serious and his story of the affray is very different. According to his statement, as obtained by Detective La Place, he claims that the woman threatened to kill him and that she fired four shots at him at 5 o'clock this morning, one of which hit him. George Rappis, a conductor for the United Railroads, who occupied an adjoining room, was struck by one of the bullets which passed through his coat but did no injury. He went into the room and said:

"What's the matter?"

"She shot me," responded Asuna.

When La Place asked Asuna how the woman was injured he professed not to know and neither could Rappis enlighten him on the subject.

BIG CREAMERY FIRE SPREADS TO VILLAGE

PETALUMA, Aug. 8.—The famous Fallon creamery at Fallon station, on the narrow-gauge road two and one-half miles north of Tomales, was wiped out by a destructive fire which began yesterday and destroyed practically the whole village.

The North Shore Railroad station, the big warehouse of Cornett Brothers and the egg warehouse of the same firm went up in smoke. The loss will be $25,000 and there is practically no insurance.

The fire could be seen for many miles and the cause is yet unknown. The Fallon creamery was built in May, 1892, and has been in constant operation ever since that time. It was famous all over the state.

SAN JOSE OFFICIALS SCRAMBLE FOR $20,000

SAN JOSE, Aug. 8.—Like the "kids" Death Valley Scotty was wont to amuse in his "flush" days, Mayor Thomas Monahan, City Treasurer Lightstone, Chief of Police F. H. Ross and Captain of Police E. R. Bailey scrambled for the coins, yesterday. There were $20,000 worth of them, and all were double eagles. The $320,000 in the city treasury was counted this afternoon, and while the money was being carried through the alleyway at the city hall one of the canvas bags broke. The coins rolled hither and thither, with the officials in hot pursuit. The money was finally captured.

ACCUSED JEWELER PROTESTS INNOCENCE

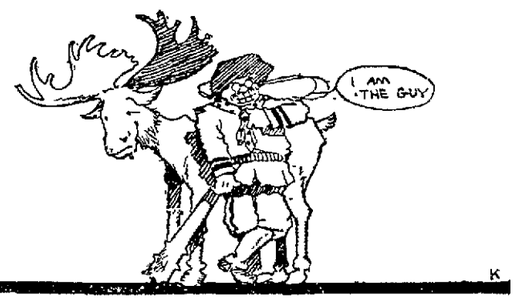
SAN FRANCISCO, Aug. 8.—Charles Stearn, a wealthy jeweler of 133 Market street, accused yesterday of white slavery, on the testimony of Clara Steck and Pearl Morton, was instructed and arraigned in Police Judge Shortall's court today. He protests his innocence and declares that Rock told him that he would give out some such story unless Stearn came through with $500.

Last night Stearn obtained his release on $2500 cash bail and a continuance of his case was ordered until next Tuesday.

MORTON INCORPORATES $100,000 COMPANY

H. Morton, a well-known jeweler of 1333 Broadway, has incorporated a company with a capitalization of $100,000. The new firm is to be known as the H. Morton Company and will take over and develop the business of gold and silversmiths and all that pertains to the sale and manufacture of jewelry. The four directors and stockholders are H. Morton, R. B. Morton, Harold W. Morton and John H. Piepenburg, all of Oakland.

T. R. Confesses Faith-- In Whom? Why, Himself!



(By GERALD P. BEAUMONT.)

I'll admit, says Colonel Teddy, that for any one but me
This job of our salvation might a trifle weighty be,
But since I've conned it over, I must mournfully confess
That only I can lead you out of this unholy mess.

I confess that both old parties are afflicted with the pip;
Let the people rule, say I, and let the constitution rip;
And if there's any trouble putting things where they belong,
I'll confess I'm very skillful telling right from what is wrong.

For instance, some there are who can't the difference see
Betwixt a boss and leader, though it's very plain to me.
To solve our present problems I'll confess it really takes
Men like me and Lincoln, though HE made a few mistakes.

I believe you need a champion to present the people's voice;
I'll admit I'm quite elated at the people's splendid choice.
The delegates will please arise and show the proper glee,
While we elevate our voices in "My Country, 'Tis of Me."

GETS HEAVY TERM.

John C. Miller, a degenerate, was sentenced by Superior Judge Ellsworth this morning to three years in the state penitentiary at San Quentin

CORNERSTONE OF NEW HOME READY

Archbishop P. J. Riordan of San Francisco has been invited to lay the cornerstone tomorrow morning for the new home for the aged of the Little Sisters of the Poor, which is in the course of construction at East Fourteenth street and Twenty-sixth avenue. Many priests of the various churches of San Francisco and the bay region have been bidden to attend the ceremony.

Last April the foundation of the building was commenced and the first story of the fireproof edifice is complete. The home will be of four stories of brick. It was designed by Leo Du Val of San Francisco and will cost $150,000, without furnishings.

The old building at Twenty-second and Webster streets has been sold. During the past five years it has sheltered many old men and women, who were without means. It is non-sectarian and has been conducted along the broadest humanitarian lines.

DECLARES DIVORCE AGREEMENT EXISTS

SAN FRANCISCO, Aug. 8.—In a reply to his wife's suit to collect the sum of $615 due her as maintenance, Ralph A. Sollars, secretary of the State Railroad Commission declares that an agreement existed between the couple whereby she was to obtain a divorce decree. This decree was to be asked for following the signing of a contract in which he had agreed to pay her $15 a month for life. She obtained a legal separation and now asserts that he has failed to pay. He declares that he has no money and that he let her get the decree. She was granted no alimony by reason it is said of the contract. Her council attorney Callahan is responsible for the statement that Sollars has sold all of the community property.

PLAN TO EXTEND LINE.

WATSONVILLE, Aug. 8.—President F. E. Snowden of the Watsonville Navigation and Railroad Company left today for a trip through the San Joaquin valley in the interests of the extension of his line. The $100,000 wharf being built at Port Watsonville, four miles distant, by this company is nearing completion and it is thought that the steamer line between here and San Francisco will be put into operation next month.

PETERSEN TO BE CHIEF, IS RUMOR

Change In Oakland Police Ranks Coming In Short Time.

That Acting Chief of Police Walter J. Petersen will be appointed to the office at the retirement of Adelbert Wilson, in a very short time, is being whispered about the city hall. Chief Wilson will retire on half pay, and Petersen will take indefinite leave of absence from his office as Captain of Inspectors to fill the higher position, according to rumor.

Commissioner of Public Health and Safety Turner said today that the matter of Chief Wilson's retirement was being left to the wishes of Wilson, who has been under his physician's care for several months.

"I cannot say just when the appointment of a new chief will be made," said Turner today. "Chief Wilson has an enviable record in the police department and deserves all the consideration that can be shown him at this time. His retirement will be left largely to his own discretion."

Acting Chief Petersen will leave for a 15-days' vacation at points along the Feather river, next Saturday night. He will be accompanied by his family, and will spend the time in recuperating from a long siege of strenuous duties placed upon his shoulders when Chief Wilson was forced to take a leave of absence.

HEWITT TO ARGUE FOR ANNEXATION

Lieutenant - Governor Wallace Names State Senator for Job.

SACRAMENTO, Cal., Aug. 8.—Lieutenant Governor Wallace, who is acting governor during Governor Johnson's absence in Chicago, yesterday named State Senator Leslie R. Hewitt of Los Angeles to write the favorable argument on the initiative measure providing for the submission of a constitutional amendment on the consolidation of city and county governments, the amendment backed by the Greater San Francisco Association. This initiative measure qualified the other day for a place on the November ballot.

GREENE SPEAKS ON LIBRARY PROGRESS

Three Phases of Work Appeal to Head of Local Institution.

Data regarding library work was gathered by Charles S. Greene, librarian of the Oakland public library, while touring the eastern cities, immediately after attending the convention of the American Library Association which was held in Ottawa, Candada. He was also a delegate to the California library association's conclave in Lake Tahoe.

In recalling the progress of library activity at the meeting of the board of library trustees last Tuesday evening in the library building, Fourteenth, Castro and Grove streets. Librarian Greene declared that three phases of library enterprise appealed to him.

The first was new library buildings, the second, municipal reference libraries and the third, municipal art galleries.

The securing of the old De Fremery home on Adeline street, between Sixteenth and Seventeenth streets by the library trustees from the Park Commission to which body the historic place was donated several weeks ago, has opened the way for the installation of a municipal art gallary. At the present time there are many old paintings in the house which forty years ago served as the Dutch Consulate for James De Fremery.

The following list of donations to the Oakland Public Museum during the month of July were made known last night:

Specimen of tungsten ore, 80 per cent pure; 935 specimens, comprising 185 species of land, and marine shells, barnacles and echinoderms; one string African wampum; 67 marine shells; two stalagmites from Mammoth Cave, Kentucky; one old army sword, one saw of sawfish; one halibut hook, totemic carving of the Indians of the Northwest. Dr. James Taylor White loaned the following: 106 ethnological specimens of Alaska, India China and Philippines and one old flintlock pistol.

BULLET NARROWLY MISSES MERCHANT

Shot From Mysterious Source Grazes Head of Van Bergen.

SAN FRANCISCO, Aung. 8.—N. Van Bergen, of the wholesale liquor firm of N. Van Bergen & Co., was sitting in the office, late yesterday afternoon, when a bullet grazed close by his head, and buried itself in the desk in front of him. He was too startled for the moment to make an immediate investigation, but when he discovered that a revolver shot had actually struck so close to him, he became apprehensive.

Going to the roof of the two-story building, he found that the bullet had been fired down the skylight, crashing through the glass and narrowly escaping his head.

The police were notified and made an investigation of the premises. The upper floors are occupied by offices, but no one had seen or heard the report of the shot, and it was impossible for the person who fired it to see Van Bergen as he sat working at his desk. The case is still being investigated.

ROSSI'S SLAYER TO BE FREED ON PROBATION

SAN FRANCISCO, Aug. 8. John Caroni who, on March 2 shot and killed John Rossi, was allowed to plead guilty to manslaughter this morning before Superior Judge Trabucco. When the case comes up again on August 10 he may be liberated on probation.

The evidence showed that Caroni, a bricklayer, had fallen under the ban of the "Forty Strong Gang" of Telegraph Hill and that he was [illegible] from on the [illegible] fired the shot. He claimed that he was attacked while on the way to a drug store and fired in self defense. He has been in jail since the killing.

PETITION CHARGES UNEQUAL TAXATION

More Than 100 Would Halt Opening of Sixty-first Street.

A petition signed by more than 100 property owners was filed with the council today. It asks that the city officials refuse to confirm the assessment report in proceedings begun for the opening of Sixty-first street, claiming that the assessments have been unequally levied.

Protest was also filed by the Realty Syndicate, which claimed that its lands had been transferred to the Sacramento Short Line road and that they were not assessable for street opening purposes.

As Commissioner Turner is disqualified from acting upon the matter the hearing was postponed until August 15. Turner prepared the maps pertaining to the opening under the old fee system when he was city engineer.

All communications to the editor of THE TRIBUNE intended for publication must bear the names and addresses of the writers.

THANKS TRIBUNE.

EDITOR TRIBUNE: On behalf of the club women of Oakland, the bay cities and eastern delegates to the biennial of the General Federation of Women's clubs, recently held in San Francisco, I thank THE TRIBUNE for the generous space given to the reports of convention; the write-ups of the meetings, so correct, not voluminous, but concise and to the point. The "Meddler" was like a story and we regret the story was not longer, or the convention did not last longer, that we might have had a continuation of just such reading.

The officers of the G. F. W. C. wish me to express their appreciation of your generosity and the interesting manner the "Meddler" presented the convention to the public. All the notices of meetings, news in general, concerning preparatory work for this great convention, was of great assistance to all committees connected with the work and they, too, wish to thank THE TRIBUNE for its interest in the convention.

Wishing your paper continued success, I am
Most respectfully,
CORA E. JONES,
State Chairman Promotion Committee.

WOMEN IN THE NEWS

DEATH BRINGS HER GREAT FORTUNE

Young Widow of John Lyle Is Heiress to Estate of $20,000,000.

NEW YORK Aug 8—The will of John S Lyle who died in Tenafly N J on July 26 leaving a fortune that amounted to $20 000-000 was admitted to probate yesterday Lyle was more than 93 years old. The bulk of his fortune goes to his young widow, who was a nurse when he married her two years ago, and who is a residuary legatee

Lyle was a partner in the Lord & Taylor department store of New York for many years, and it was said at the time of his death that he was owner of the block in which the store is situated.

By the will many charitable institutions in New York are beneficiaries to the extent of $50 000 or so apiece He also left sums ranging from $15 000 to $50,000 to relatives The largest personal bequest goes to his second wife, who was Miss Julia Gertrude Hannon, a Presbyterian hospital nurse, who took care of Lyle for two years prior to their marriage in September, 1910. To her he left $500,000 outright and the estate at Tenafly, which has a value of $200,000. She is executrix.

$16,000 Nursery

NEW YORK, Aug. 8—The nursery especially furnished for the unborn Astor baby is described as simple and cost just a trifle over $16,000.

Dr. Edward B. Cragin, in charge of the staff of nurses, awaiting the new heir—or heiress—said yesterday that the little stranger was not expected before the end of the week.

Seldom has any babe been awaited with such elaborate preparations. Already expensive toys have been contracted for at the big toy shops—some suitable for a little Miss Astor, others for a boy just opening his eyes to toyland. When the word comes saying whether it is a boy or girl, the proper presents will be rushed by express messenger to the big mansion at 840 Fifth avenue.

Mrs. Astor chose the nursery furniture herself. Her mother, Mrs. Force, accompanied her on this interesting tour of the furnishers to millionaires. Blue and white are the only colors to be seen in the room, and the baby's first sleeping cot is the most delicate wicker affair with embroidered draperies over which the young widow has labored with smiles and tears for weeks—smiles for the baby that is to come, tears for the father who never will see the baby save from behind the screen of the hereafter.

Finds Wife Gone

NEW YORK, Aug. 8.—Nicholas J. McNamara, the retired banker of San Mateo, Cal, accompanied by his 17-year-old daughter and Detective James McGovern of the San Francisco police force, arrived in the city yesterday with the necessary papers for the extradition of Mrs. Cora L. Perkins and Frederick Patterson, the chauffeur, whose arrest he caused in this city last Friday in the interest of stopping his wife from taking a contemplated trip to Europe.

McNamara brought his daughter with him in the hope of inducing his wife, who is an invalid, to return home with him. When he got here, however, he learned that she had already started for California accompanied by the two young sons she had brought with her.

Mrs. Perkins and chauffeur, who have been held in Westside Court prison since their arrest charged with larceny of a $6500 automobile belonging to McNamara. The prisoners were taken to San Francisco last night.

Surprisers Surprised

Rejoicing in the thought of how complete would be the surprise of their friends, Allan Robert Strong and Miss Lillian Emma Martin prepared to be married quietly on Monday evening at the home of the bride's parents, Captain and Mrs. U. S. Martin, in Webster street.

But the surprise turned out to be on the bridal couple, for in that mysterious way peculiar to wedding secrets word of the marriage had found its way to a half-dozen or more of the friends, who stormed the Martin home just in time for the ceremony.

The Rev. A. Mayer of the German Evangelical Lutheran church read the service in the presence of a score of guests.

The bride had as her only attendant

PANTAGES HOUSE PLAYS TO LARGE LOCAL AUDIENCES

CHARLES KING. —Hartsook photo.

The new and magnificent Pantages theater on Twelfth street, at Broadway, since its auspicious opening on Sunday night, has been playing to large and enthusiastic audiences that have taxed the capacity of the roomy playhouse at every performance and the splendid vaudeville bill provided, combined with the comfortable atmosphere of the house, seems to be just what the Oakland public is looking for. The current bill is thoroughly entertaining, including, as it does, Fred Ireland and his limber-limbed Casino Girls, presenting "High Lights of Dear Old Broadway"; El Barto, the amusing and mystifying "conversational trickster", The Flying Valentinos aerial marvels Don and O'Neil, "The Captain and the Kidder", Jewell and Jordan, the phenomenal whistlers, Charles King, Virginia Thornton and company in "When Love Is Young," and Wood's Animal Actors

There will be a complete change of program on Sunday afternoon, when an ideal array of vaudeville will be presented, headed by Taylor Granville's sensational scenic offering. "The Hold-Up," described as a genuine thrill from beginning to end The act carries six stage hands of its own and the effects of slow moving freights and whizzing passenger trains are said to be surpassed by none, whether presented on the legitimate or the vaudeville stage

WONDERFUL STAGECRAFT.

The hissing, screaming freight, propelled by its own steam, is a wonderful piece of stagecraft, to say nothing of the "Limited" dashing across the stage at the actual speed of sixty miles an hour.

The Four Janowskys, one of whom is of the gentler sex, will offer the refined and astonishing gymnastic entertainment which has won them fame all over Europe, and M. Bankoff and Lulu Belmont, agile Russians, will present a series of international dances. One of the most amusing and extraordinary animal acts on the vaudeville stage is Leon Morris and his wrestling ponies, with John Hedge, a colored comedian who indulges in catch-as-catch-can contests with his quadruped friends

Howard and Dolores, the gentler member of the duo appearing as "The Rag-Time Model Girl," will offer a novel and pleasing entertainment, and the All Star Trio, splendid male vocalists from "Melody Lane," will be heard in new and old songs Elsa Crosser, a young and talented violin virtuoso, who will be heard in a variety of exclusive subjects, will complete a varied and interesting bill.

DREAD DISEASE CARRIED BY FLY

The Public Health Committee Warns People Against Infantile Paralysis.

SAN FRANCISCO Aug 8—Swat the fly is the advice sent out by the Public Health Committee of the County Medical Society as a precaution against poliomyelitis or infantile paralysis which is prevalent in Southern California

This curious disease has not yet been prevalent in San Francisco but the County Medical Society believes that it may be brought here unless a vigorous crusade is begun at once against flies

The fly is a malignant carrier of this and other diseases the society explains in literature it sent out yesterday and mothers should be particularly aggressive in killing off the pest as a safeguard to the health of their children

Kill flies whenever you see them have fly-paper in the house and keep all food covered as much as possible is the advice of the County Medical Society

Flies alighting on food disseminate many contagious diseases it is pointed out and particularly care should be used to keep them away from food given to babies

GIRL IS AWARDED $3750 DAMAGES

Miss G. C. Byerly Wins Verdict In Case Against Amusement.

SAN FRANCISCO, Aug 8—Miss Grace C Byerly was given a verdict for $3750 against the Idora Park Company by a jury in Superior Judge John M Hunt's court yesterday She sued for $25 000 damages, alleging she was permanently injured by being thrown from a whirling pleasure contrivance at the park on August 12 of last year.

The verdict in favor of Miss Byerly was the result of a human skeleton and the eloquence of Attorney Samuel M. Shortridge, who represented her.

Attorney Shortridge, in order to show to the jurors the manner and nature of the young woman's injuries, brought into court the skeleton of a young American girl, who, many years ago, while a member of the artists' colony in Paris, committed suicide The girl was 20 years old and the skeleton is conceded to be one of the finest in the world.

As Attorney Shortridge poured forth his plea for monetary balm for his client's injuries he illustrated his talk by frequent reference to this skeleton, and the unhappy ending of the life it once supported

The Idora Park Company is protected by a bonding company in all damage suits.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher

CITY'S FACTORIES ARE INSPECTED

Sightseers Learn What Is Being Done in Industrial Districts.

A "see-your-own-town" excursion was held yesterday afternoon by forty members of the Oakland Chamber of Commerce, and everything in sight and many things apparently out of sight were inspected by them. The trip was made in autos. The East Oakland manufactories were seen.

This is the second trip of the manufacturers' committee of the Chamber of Commerce, the first having embraced Emeryville. In September there will be still another and from then on the tours will be held each month until the manufacturing men of this city know what is being accomplished here for the betterment of the city and state.

William Rutherford, superintendent of the California cotton mills of East Oakland, said to the committee:

"I have been waiting for you for twenty-eight years. This plant has been running since 1885 and is one of the largest in the west and I am delighted to find that the representative men of Oakland have now come to visit us and see what we are doing."

The plant of the Great Western Power Company was the first place inspected by the committee after they left the Chamber of Commerce and the Buswell Paint Company and the Bird Rymer lighting fixture plants came next under the eyes of the committee. A line of flags had been hung out at the factory of the California Wire Cloth Company in honor of the visitors.

The next point of attraction was the Bentley ostrich farm and it was with difficulty that the members of the committee could be persuaded to leave. The California Motor Car Company was next on the list and the Atlas Gas Engine Works and the American Stopper Company [illegible].

The trip was arranged by Secretary Frederick Boegle Jr., of the manufacturers' committee. H. C. Eastman, assistant secretary of the San Francisco Chamber of Commerce represented that body. The next trip is scheduled for September and will probably be to Berkeley.

THOMAS EASTMAN DIES AT AGE OF 91

Pioneer of California Passes Away at Home of Son in Oakland.

Thomas Sutton Eastman, pioneer of this state, 91 years of age, is dead at the home of his son, Thomas F. Eastman, 551 Chetwood street. Death was due to extreme age.

Eastman had been identified with business interests in San Francisco for many years. He came to this state from Concord, N. H., his birthplace, in 1852, rounding Cape Horn in the clipper ship "Flying Cloud." On boarding the ship he took with him his house, which he had built in sections, and, arriving in San Francisco, rebuilt it at Taylor and California streets. Eastman was first engaged in the business of builder in San Francisco. After the fire in 1906 he went to Sacramento, then lived in Berkeley a while before coming to this city to live with his son, the only surviving relative, who is in the city engineering department.

The funeral will be held from the parlors of B. J. Wood, 1955 Telegraph avenue, at 2 o'clock tomorrow afternoon. Rev. Robert Eastman of Knox Presbyterian church of Berkeley will officiate. The remains will be cremated.

PETALUMA WAGES WAR ON AUTO SPEEDERS

PETALUMA, Aug. 8.—William Klinger, president of the Endurance Club of San Francisco, arrested on Saturday for speeding, who told the Justice of the Peace that he would fight the case, paid his fine yesterday.

C. A. Fair of San Rafael, who was arrested late Tuesday, was fined $10, which he paid. Fair's daughter was at the wheel. J. W. Keegan of Santa Rosa, who was arrested on Tuesday evening also was fined $10.

Walter Guldner, special auto policeman, swore to a complaint against the owner of car 48,818, who is Gus Johnson of the Monadnock building, San Francisco. The car sped through Petaluma so quickly that the police could not stop it.

BATTLESHIP DISPUTE SPLITS DEMOCRATS

WASHINGTON, Aug. 8.—Insurgency in the Democratic ranks of the House is expected to appear when the naval appropriation bill comes up this week as a result of caucus when the "no battleship" contingent prevented action by staying away.

The battleship champions insist they [illegible] take no further action looking to a gathering of the party but will consider themselves free [illegible] the House.

FERRIS HARTMAN ON LAST LAP OF HIS STAY HERE

FERRIS HARTMAN.

From six thousand miles across the Pacific ocean has come the offer which has forced Ferris Hartman to cut short his summer engagement at Idora park. Former Californians who are now living in Manila, and hungry for the kind of amusement they were used to during the old Tivoli days, have banded together and are to bring Ferris Hartman and his company all the way across the Pacific for an extended engagement at Manila. What is Oakland's loss will be Manila's gain. The people of Oakland are realizing what they are missing at Idora this, the last week of Hartman, and consequently the open air theater is generously filled at [illegible] performance. It will be six months [illegible] Hartman [illegible] of Honolulu, Japan, China and the Philippine Islands and again gets back to the [illegible].

THREE DAYS REMAIN.

But three more days remain, so those of you who want to enjoy a good hearty laugh before the departure of Hartman had better hie yourself to Idora. The farewell offering is by far the funniest yet produced this season. "Fairy Tales" is billed as a musical extravaganza. In reality it is a potpourri of whistleable tunes, clever dances, pretty girls and loads of funny situations and laughable incidents.

The characters are all taken from the children's story books. As "Queen of the Fairies," Roscoe Arbuckle, the 2?? pound comedian, makes the hit of the production. His antics in fairy costume are sufficient to [illegible]. Ferris Hartman is a scream as Old Man [illegible] ... [illegible] afternoon, free to Manila will be the offering.

PLAN TO SUSPEND BUSINESS SEPT. 9

Merchants' Exchange Hopes to Send Big Delegation to Stockton.

The Merchants' Exchange will try to have every store in Oakland close its doors on Admission Day at the request of the Native Sons of the Golden West.

The object of closing these stores is to enable all employes who are Native Sons to take the trip to Stockton to attend the celebration to be held there and to boost Oakland for the 1913 meeting. The Alameda county parlors expect to have nearly 2000 Oakland boosters on the job in the Gateway city next month.

A committee consisting of T. Dorgan, D. Crowley and J. C. Downey was appointed by the directors to confer with the city attorney regarding an ordinance which will prohibit the erection of billboards or signs over six feet high.

Secretary Walker was instructed to write to Congressman Knowland for his assistance in having Congress make an appropriation for the maintenance of roads in the Yosemite park.

Seventeen new members were admitted into the exchange last night.

ARRESTED FOR THEFT.

SAN FRANCISCO, Aug. 8.—Detectives Hoertkorn and Gallatin this [illegible] William Viers and charged him at the city prison with petty larceny. He is alleged to have stolen the brass fixtures from a wagon. The same officers took into custody William McGowan and booked him on a similar charge for stealing sacks from a vacant building.

SCALP CUT OPEN.

SAN FRANCISCO, Aug. 8.—Knocked from his laundry wagon at Gough and Haight streets, John Conville of 4054 Twentieth street received lacerated wounds of the scalp and other wounds.

'TWAS CRUEL HOAX TO WORK ON 'COPS'

Detectives Are Victims of Practical Joke That Was Cause of Thrills.

SAN FRANCISCO, Aug. 8.—Detective Frank Esola was stretched full length upon a [illegible].

Detective Gaughran was snoring on a lounge near by.

The telephone rang; both men nodded sleepily.

It was Esola who roused himself sufficiently to answer. The hour was 4 a. m. The voice was excited. The detective started up very much alive. This was what the voice said:

"I am at the Grand Union hotel, 1408 Market street; come quickly; footpads have shot the bartender, bound and gagged him and are taking him away in a buggy. They are now firing at us. For Heaven's sake do something. I am afraid they will hear me. I am under the bar."

Esola was so wrought up that he grabbed his working partner, hustled him to the door and in a few moments, with Police chauffeur McKevett at the wheel, the department automobile was breaking all records and endangering the lives of its three occupants in a run along Kearny and Market streets.

At Sixth street, the car narrowly missed going into an excavation, but the 50-mile clip was not stopped, and the hotel, at the Polk and Fell-street junction, was reached in "no time." With drawn revolvers, and with McKevett standing by with a shotgun, the officers ran up.

It took but a moment to discover that they had been hoaxed. The saloon was locked. The night clerk was nodding sleepily in his chair. There was no need of explanation. The joke was on the police.

ESPERANTISTS TO CONGREGATE HERE

Local Men Work to Bring 1915 Convention to Big Fair.

The North American Esperanto Association, which recently held its annual convention in Boston, endorsed San Francisco as the logical place to hold the eleventh World Congress of Esperantists in 1915, during the World's Fair. They sent a strong demand to that effect to the Eighth Universal Congress, which will open in Cracow, Austria, August 11.

D. E. Parrish, delegate of the Oakland Esperanto Club, has been instructed by the club to make a strong demand that the congress be held in California in 1915. Parrish has been lecturing to Esperanto audiences in all the large cities of Europe for the last year, with great success.

At the last meeting of the club President F. E. Cornish resigned and J. B. Wallace was elected as the new president. Wallace has shown great ability as a demonstrator of the value of Esperanto and originated the prize contest for the best Esperanto letter in the Alameda high schools, to be written to the school children of the world, inviting them to the Panama Exposition.

August 29, at the monthly meeting in the Oakland high school, L. H. Gorham, delegate of the Universal Esperanto Association, expects to have important news from the world congress in Cracow and from our delegate there, Mrs. D. E. Parrish.

WATCH STOLEN.

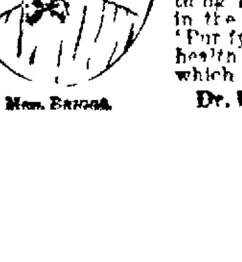
SAN FRANCISCO, Aug. 8.—Fred Hansen of 3040 Fulton street had his gold watch and chain, valued at $80, stolen from him while he lay asleep in a state-room on the steamer Capital City last night. He boarded the boat at Isleton, Cal.

Housework Drudgery!

Housework is drudgery for the weak women. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify:

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration. It tranquilizes the nerves, encourages the appetite and induces restful sleep.



Mrs. Briggs.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any druggist persuade you that his unknown composition is "just as good" in order that he may make a bigger profit.

MRS. BRAZILL BRIGGS of 2? N. Washington St., Delphos, Ohio, writes: "Having taken your 'Favorite Prescription' for a bad case of intestinal disease and constipation with woman's ills, for which I was almost unable to do anything I think I am safe in saying that there are no remedies in the world like Dr. Pierce's Favorite Prescription and 'Purifying Lotion Tablets.' I am now enjoying the best of health and thank Dr. Pierce for his wonderful medicines which have done me a world of good."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

KNOWLAND'S VICTORY AND ITS PENALTY

CONGRESSMAN KNOWLAND returns home with the proud satisfaction of having initiated and carried to a successful conclusion the most important and far-reaching piece of legislation introduced at this or the preceding session of Congress. He has rendered a conspicuous service, not only to his constituents, but the whole nation, by getting incorporated in the Panama Canal bill a provision remitting tolls to American ships passing through the canal. This provision will greatly aid in the revival of the American merchant marine. It will help the American shipper and the American shipowner.

The refusal of the Senate to strike out the Knowland section remitting tolls to American ships marks the end of a long struggle which has finally ended in the success of an undertaking that seemed well-nigh hopeless at times. The majority of the Commerce Committee of the House reported against Mr. Knowland's provision, but he fought the committee on the floor and won. The Senate committee reported adversely to remitting tolls to American ships and the British government, instigated by the Canadian Pacific Railroad, protested diplomatically that the remission would be a violation of the Hay-Pauncefote treaty.

Nevertheless, Mr. Knowland kept up the fight, and will greet his constituents with the consciousness of having won a victory for them against opposition of the most powerful sort. Arrayed against him were the transcontinental railroads and the combine of foreign shipowners, who had Senators Root and Burton, Republican leaders of the Senate, on their side.

But Mr. Knowland's victory has earned him a crop of enemies who will stop at nothing to prevent his re-election. By his efforts to get through a bill denying the use of the canal to steamships owned by railway corporations he has incurred the bitter hostility of the Pacific Mail Company, headquarters in San Francisco, which can be relied on to fight him with every weapon within its reach. Likewise his efforts to have government ships built in the navy yards have brought on him the resentment of the Shipbuilding Trust, which has one foot in San Francisco.

Therefore, Mr. Knowland will encounter in the coming campaign the combined opposition of special interests, both domestic and foreign, commanding a powerful influence and an unlimited supply of money. Having won a signal victory for the people, Mr. Knowland will be portrayed as an enemy of the people. Having beaten the predatory interests in a battle of giants, he will be depicted as the friend of the predatory interests. Big Business will try to rub its own mud on him.

The railroad and foreign steamship combine will spend money like water to be able to say when Congress meets again that the champion of free tolls for American ships has been repudiated by his constituents. The combine will not care who is elected to succeed him, if they can only point to his defeat as an evidence of their power and the ingratitude of the people. But the people of this district know Knowland and they know who his enemies are, and they cannot be bamboozled by clap-trap into punishing their faithful representative to further the designs of greedy corporations.

Roosevelt's Scheme of Paternalism.

Colonel Roosevelt's "confession of faith" is not to be treated lightly. It is so filled with lures and invitations to those who look for fortune and welfare outside their own exertions as to present a problem to the common sense of the country, the most serious that has yet appeared.

Declaring that his scheme of life will put an end to Socialism and anarchy, his proposition, stripped of its too abundant garments of expletive and explosive rhetoric, is that we should adopt the strong bureaucratic system of Germany, adding to it the worst of the civic vagaries of New Zealand and the Australian states. The government, by various commissions, is to assume the directing of the energies and enterprises of the people. It is to dictate the price employers will pay for labor and the price labor will pay for its food. The indefinite expansion of this paternal system is to be provided for by making anything the people want constitutional, without regard to interpretation by the courts. Therefore it abolishes the stable guarantees of a written constitution and puts the rights of person and property in the keeping of the change and fluctuation which affect public opinion.

The government is to take care of the people, instead of the people taking care of the government.

Individual initiative is to be minimized to complete atrophy. A country life commission is to tell the country people how to live and see that they do it, and other commissions are to take charge of the people, with nose and finger in everything from counting room to kitchen.

All of this in disregard of the great truth that the more a government does for a people the less they will do for themselves.

In Germany, where much of this scheme is already in operation, instead of Socialism being destroyed its growth has been greater than in any other nation. Every new scheme of paternalism there has proved to be a fresh application of fertilizer to the social theories of Karl Marx and Nicholas Bakunin.

The confession of faith in its essence is Socialism, proceeding from the government downward to the people instead of up from the people to the government.

It is a scheme which our self-dependent and independent fathers would have kicked into the limbo of fads and vagaries, and the extent of its acceptance will measure the degeneration of their sons.

The special edition of the Richmond Record-Herald is the kind of a publication that speaks well for the thrift, enterprise and growth of a progressive community. It is filled with matter intelligently prepared to set forth the advantages of Richmond as a manufacturing center. The publishers have given the public something worth reading—something that it will pay the citizens of Richmond to send abroad. The special edition is a good showing for a live town. It is the product of live men, and the array of industries it exploits cannot fail to arrest and hold the attention of the reader at a distance. It gives THE TRIBUNE pleasure to observe this evidence of enterprise on the part of the publishers of the Record-Herald, and of the prosperity which they are doing so much to build up and advertise. Oakland is glad to see Richmond grow and prosper.

Behold the Bean and Rejoice.

Consider the lowly bean and be wise! The bean is a source of wealth and a most healthy and appetizing viand when properly baked with pickled pork or bacon. It is no inconsiderable item in the sum total of California's agricultural output, and gives the State a deserved name and fame in distant lands. The California bean is eaten with joy in the Philippines and is a welcome visitor in Boston, where beans and codfish have taken their places as the chief factors in morals and dietetics. Last year California produced six and a quarter million dollars' worth of beans, so Secretary of State Jordan says, and he ought to know. He tells us about many good things produced on the farm, but the bean he holds in especial favor. It is modest like himself and it is toothsome; it has snap, dash and vigor, and when eaten with brown bread on a Sunday morning produces a state of mild exaltation akin to religious enthusiasm. What would a Grand Army campfire be without beans? Americans are the beaniest people on earth and California is the beaniest State in the Union. Moral: Come to California and grow beans, eat beans and exude beans. In beans there is health, wealth and the comfort of a sound digestion and a conscience at peace.

"THE BOY STOOD ON THE BURNING DECK"

—ST. LOUIS GLOBE-DEMOCRAT.

SIZE OF FAMILIES

In the workmen's housing quarters in Paris an odd experiment is now being tried. There has been considerable difficulty in lodging workmen with large families in Paris, and this problem is said to bear a close relation to the vital question of the depopulation of France. In one of the suburbs four blocks of workmen's flats have been built, and the birth of every baby frees the parents from payment of rent for the quarter following.

It is quite true that the high cost of living has had an influence on the birth rate in France. Careful inquiry of scientists and statisticians has shown that even men and women in moderate circumstances, including doctors, barristers and middle-class business men, avoid large families for the simple reason that they prefer to have one or two children well provided for, well educated and given a good start in life, rather than half a dozen children shabby and without education enough to go around. Such men feel that they can afford to give one or two children a good start in life, but that if there were more children it would be possible to give them all only the bare necessities of life.

The poor people of France face much the same problem. It is doubtful whether three months' free rent would be much of an inducement. Certainly it would be of little aid to the parents.

Artificial means of producing natural results are always subject to error. It is all very well for governments to instill the family idea into the minds of all citizens, with the selfish idea of building up the nation, but there has never been any proof that these crusades by the governments, or by charitable organizations, have had real results. The fact is that nature looks after such matters pretty well herself, regulating the size of families according to methods of her own.—Washington Post

DUVALL TO TRAIN NEGROES IN SOUTH

School for Servants, Like That of Oakland, Planned in Los Angeles.

LOS ANGELES, Aug. 8.—The servant problem and half-cooked or too-much-cooked steaks or chops will cease to provoke trouble in this city and Pasadena if C. R. Duvall and wife, expert exponents of old-time Southern cookery, succeed.

The Duvalls are founding a training school in Pasadena for young negro men and women wherein the art of all-round, efficient servantry will make up the curriculum. Sufficient support has been pledged by Pasadena householders to insure the university of culinary arts a long term.

The Duvalls, who are graduates of the Tuskegee institute, will teach young colored pupils as cooks, housekeepers, waiters, valets, coachmen and other kindred pursuits. The venture is not new with them, as they already have founded institutions of this sort in San Francisco and Oakland. That in Oakland was opened more than three years ago, and is said to be successful and popular among the housewives who employ servants.

'CARNIVAL DANCE' IS FEATURE OF COLUMBIA SHOW

MISS LILLIAN EDGAR.

The nimble-footed Ginger Girls ably assisted by Lillian Edgar and Daisy Wright, two exceedingly clever danseauro are thoroughly at home in the Columbia theatre this week, in what critics have pronounced a desidedly novel exehibition of Terpsichorean art. The number is styled "The Carnival Dance," and consists of a well mixed variety of ancient and modern dances. Lillian Edgar introduces several intricate steps in her fantastic creation entitled, "The Dance of The Butterfly." The old, but ever popular sailor's, Hornpipe," is revived with much success by Daisy Wright. Julia Grassell, the premier dancer of the Columbia chorus, with her partner, Elsinore Faye close the act with their own original version of an Oriental Texas Tommy. This number running close to fourteen minutes is one of the brightest spots in Dillon & King's jolly offering, entitled, "In Gay Paree."

As the feature musical number on the program Charlie Reilly and the Premier Trio are scoring a pronounced hit with the drinking song, "Absinthe Frappe." Clair Starr is presenting a clever imitation of Anna Held singing her popular song, "I Wonder What's The Matter With My Eyes," in a manner much resembling that of the vivacious Anna. "Oh You Bear Cat Rag," as sung by Francis Tallerand, proves to be a delightful ragtime melody "Cafe Maxine," and "My Lady Dixie," are other numbers that are the recipients of much applause.

There are other things too that are enjoyable in the present offering besides those contained in the musical program. Dillon & King themselves were never funnier than in their present characterizations of the two jolly fellows. Mike and Ike on a fun tour of Paris. Their many amusing antics involve themselves and several other laughable characters in scenes and situations that are ludicrous to the extreme.

The comedy is splendidly mounted and superbly costumed, while the chorus is seen in pleasing ensemble numbers which display their abilities to splendid advantage. "In Gay Paree," will continue for the remainder of the week with the usual performances.

RESIGNATIONS MAY BECOME POPULAR

Fashion Has Been Set by City Engineer Marsden Manson.

SAN FRANCISCO, Aug. 8.—The recent announcement from Mayor Rolph that he was tired of hearing excuses and proposed to accept them no longer from the men he had relied upon to carry out his promised policy to give San Francisco an efficient administration, had its initial effect at the meetnig of the Board of Public Works yesterday when a shakeup that included the voluntary resignation of Marsden Manson as city engineer.

Manson has been the subject of complaint to Mayor Rolph.

"There will be no more changes to follow," was the comment of Mayor Rolph.

It was gleaned from the attitude of the mayor that there was no chance for the city engineer being retained in charge of the Hetch-Hetchy water supply project That duty will be left temporarily with Consulting Engineer John R. Freeman, who may stand in order for the office of city engineer

Though the mayor declined to give out direct information, it is expected that there will be further resignations during the present month of Police Commisioner Spiro and Fire Commissioners O'Grady and Dillon.

Peter J. Owens was appointed superintendent of street cleaning following the mayor's declaration of last week that the vacancy caused by the resignation of John Rogerson would speedily be filled. Owens has lately been in the employ of the Pacific Gas and Electric Company.

Peter J. McCoy was appointed superintendent of street repairs, displacing Joseph Linehan, who is hereafter to be superintendent of sewer work in succession to John T. O'Brien, now general foreman of the same bureau.

A new secretary to the Works Board was appointed, the position going to Frederick J. Churchill who has been assistant secretary to the mayor. The secretaryship of the Works Board has bean vacant for three months past owing to the retirement of Joseph McCormick to accept a district foremanship of street cleaners. Richard Cline, a clerk of the Public Works Board has been acting as secretary.

Manson said today:

TREASURY DISTRIBUTES CONFEDERATE CURRENCY

WASHINGTON, Aug. 8. — The vast hoard of Confederate currency seized by the Union army during the Civil War, which has been stored in the federal treasury half a century, is being distributed among institutions the country over, for preservation as historic relics. Already sets of these notes, including practically all denominations, have been sent to 300 colleges and 350 libraries, and the clamor for specimens has not been satisfied. Secretary MacVeagh is supplying the larger institutions first.

SWINDLER PLEADS GUILTY; SENTENCED

SAN JOSE, Aug. 8.—After fighting conviction for more than six months by throwing into the path of the prosecution every technicality possible for delay, George Volpe pleaded guilty before Judge J. R. Welch in the Superior Court to a charge of grand larceny and was sentenced to serve two years in San Quentin prison.

Volpe was a member of the trio that robbed Dominic Bargetti, foreman of the Hicks ranch, near Cupertino, of $1400 in February, 1911, by working upon him one form of an ancient "infant heiress" swindle game. Emilio Chiesa was convicted of the same crime on April 1, and was sentenced to eight years in the penitentiary. His case is now on appeal.

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. ASSIGNS REASON FOR LIVING COST

Kansan Declares Agriculture Is Not Extensively Followed in U. S.

CHICAGO, Aug. 8.—That there is grave danger of the United States disintegrating on account of the high cost of living was declared yesterday by Geo. C. Richardson of Kansas before the International Apple Shippers' Association.

"In no country in Europe is the wail of costliness so loud as in the United States," he said. "Why? Because in America the disproportion between the progress of the field and that of the cities, between that of industries and that of agriculture, is still greater than that in Europe. The cost of living is the greatest question before the people of this nation. Empires and kingdoms have been wrecked and overthrown by it. The contributing cause is the drift from the country to the city."

AUTO DRIVERS THREATEN.

PORTERVILLE, Aug. 8.—Auto drivers of the Porterville fire department threaten to strike unless the city officials live up to an agreement which the chauffeurs claim was made with them to grant an initial salary of $65 per month, with an increase of $5 per month until the limit of $80 is reached. Provision was also to be made, it is claimed, for a six-day week.

THREE PETITIONS TO BE VOTED ON

Consolidation Race Track Betting and Home Rule Taxation Before People.

SACRAMENTO, Aug. 8.—Only three of the dozen initiative measures for which petitions have been circulated will be passed upon by the people at the November election. Yesterday was the last day upon which petitions might be filed with the Secretary of State. The three are the consolidation of city and county governments for territory including a population of at least 350,000, a measure backed by the Greater San Francisco Association; the racing commission measure, providing for the appointment of a racing commission which shall have the power of granting permits to holding associations to hold racing meets and to legalize betting in auctions pools and paris mutuels, and the home rule and taxation measure, providing for the establishment by counties and cities of individual taxation systems.

The proposed repeal of the poll tax was the nearest of the unsuccessful ones. Among the other measures for which several thousand signatures have been received in the Secretary of State's office are the anti-prize fight bill, the weekly rest day act and the anti-capital punishment bill.

Besides these measures, the referendum of the law passed at the 1911 session providing for the appointment of county registrars will be voted upon. This was started by County Clerk John P. Cook of Alameda county, who claims that the measure is discrimination and directed particularly at himself.

Two constitutional amendments will be acted upon by the voters. These are for free text books and the amendment legalizing the acceptance of irrigation bonds as security for loans of State moneys.

TRIES THRICE TO COMMIT SUICIDE

Confessed North Carolina Murderer Makes Three Desperate Attempts.

LOS ANGELES, Aug. 8.—Three times R. C. (Big Bob) Snipes, the confessed North Carolina "moonshine" distiller and murderer held at the Central police station until southern officers can come for him, made desperate attempts yesterday to commit suicide.

First he tried to cremate himself while lying in his bunk in a jail cell. When taken to the receiving hospital he attempted to escape and threw himself under a passing electric car and a few minutes after that, attempted to strangle himself with a handkerchief.

Snipes tried Monday to sever an artery in his left wrist with a piece of tin. Jailer McIntosh caught him in the act and removed him to the hospital where he passed the remainder of the day strapped to a cot.

SACRAMENTO CENSOR TO BAR 'RAG' DANCING

SACRAMENTO, Aug. 8.—His investigations of the tersichorean art as practiced in certain dance halls charging an admission fee and inviting public patronage in Sacramento, having convinced him that it needs regulation tending toward the elimination of the improper "ragging" and "half time," Charles A. Bliss, Commissioner of Public Health and Safety, is engaged in a research of the law to see if he can find authority for licensing all such dances.

Commissioner Bliss has almost reached the conclusion that the way to prevent the suggestive dancing that is now permitted in Sacramento will be to demand that a permit be secured before a dance is held, and one of the conditions of the permit will be that there shall be no improper dancing. He may have a censor appointed.

CORPORATIONS SUE STATE FOR TAXES

Controller Nye Refuses to Divulge Secret Information as Assessments.

SACRAMENTO, Aug. 8.—Acting on the advice of Ray Benjamin, Deputy Attorney-General, representing Attorney-General Webb, State Controller A. B. Nye yesterday refused to answer any questions asked by the attorneys for several large corporations which are endeavoring to secure testimony from the State Board of Equalization to show how the Board arrived at the assessment of the corporations for taxes in 1911.

The law holds secret all information contained in reports made by corporations upon which assessments are made.

Treadwell and other attorneys appeared before the Board of Equalization representing the Miller & Lux Company, the United Cigars Company, the United Merchants and Realty Company, the San Joaquin and Kings River Company, the Las Animas Company and the Colorado Fuel and Iron Company.

These concerns have brought suits against State Treasurer E. D. Roberts seeking to secure judgments for the return of taxes or a portion of the taxes paid by them in 1911 under protest to the State. It is alleged by the corporations that the taxes were excessive and illegal.

'VARMINTS' TO BE BAG OF MARIN HUNTERS

SAN RAFAEL, Aug. 8.—Hunters of Marin county will begin a deadly combat with the hawk, the bluejay and the coyote in the lists of San Lucas valley, August 18. To the victors shall go much cash in bounties, and as prizes for valor—a shotgun, a rifle and a steel fishing rod.

The "Varmint hunt" will be held under the auspices of the Marin County Game and Protective Association, and the prizes will be awarded until the close of quail season, February 1, 1913. Points for the kills, to count in the ordinance—one cent, one point. The bounties for bluejays, hawks and coyotes are 5 cents, 25 cents and $2.50, respectively. At the end of the first—and greatest day of the hunt—an entertainment will be held at the quarters of the Victor Gun club in San Lucas valley.

UNLUCKY FARMER HAS 'JINX' AS HIS GUEST

WATSONVILLE, Aug. 8.—Peter Jocovich of [illegible] which surpasses any that have gone the rounds here for some months. Jocovich went to Hollister and bought one of the finest span of horses to be found in San Benito county. On his way home the hoodoo began to work. One of the animals fell and broke its leg, necessitating its being shot

He reached home safely with the other animal, but sometime later it was kicked by another horse, its leg also being broken, and it was killed Yesterday, Jocovich, in a moment of indiscretion, turned the kicking animal out with the rest of his equines. A fight followed and another leg was broken. His third horse was soon on its way to the horses' happy hunting grounds.

SOCIETY

AN ideal wedding tour has been planned by J. B. Knowles, who will take his bride, Miss Ida Grossmayer, to Honolulu for the trip. The couple will sail on September 11, and will visit all the spots of scenic beauty in the Islands. The Knowles-Grossmayer nuptials will be quietly celebrated at the home of the bride, in Orange street, on the evening of September 11, and will be followed by an elaborate reception to which will be bidden about 400 of society folk from both sides of the bay. In the days prior to her marriage, Miss Grossmayer is being entertained by numerous friends. Among those to compliment her in the near future will be Mrs. Joseph Ghirardelli and Miss Carmen Ghirardelli, who, on their return from McCrays, will give a large card party for the charming bride-to-be.

Mr. and Mrs. Thomas Watson Cushing, accompanied by Miss Ghirardelli, Mrs. Joseph Ghirardelli and Miss Elizabeth Barstow, will leave on Saturday for a short sojourn at the summer resort where they frequently spend a week or so during the mid-season.

AFTERNOON AT BRIDGE.

Miss Leila McKibben entertained this afternoon at her home in Berkeley, making Miss Helen Montague Young the guest of honor. Quantities of sweet peas, effectively arranged, were used in decorating the drawing-room and dining-room. Among the guests were the girls who are to serve in the bridal party at the wedding of Miss Young and Milton Farmer, on August 21. Among these interesting maids are Miss Ethel Farmer, Miss Mabel Sadler, Miss Lucy Phillips, Miss Edith Carew and Miss Alice Porterfield. On Saturday, Miss Young will be feted at an elaborate luncheon to be presided over by Mrs. William Thornton at the Fairmont. Next week, the bride-elect will entertain her bridesmaids and a number of additional friends. The Youngs formerly resided in Seattle, and they are expecting several prominent society folk from the northern city, who will arrive shortly to attend the ceremony, which will be solemnized at St. Mark's Episcopal church, in Berkeley, and will be one of the important events of the month.

Mrs. M. A. Steele is spending several delightful weeks at Paraiso Springs. She is accompanied by her daughter, Miss Blanche Steele, and by her son, Charles Steele.

EMITGAURE ASSEMBLIES.

The membership is to be composed of 100 couples, all of whom are well-known socially. On January 2 the assembly will give a german at which dainty and unique favors will be a feature. "Emitgaure," the name chosen for the new organization, will have its membership limited to a congenial number of the local set and its functions will doubtless be among the brilliant affairs of the fall and winter.

PERKINS-MARTINEZ WEDDING.

A pretty wedding of last night was that of Miss Helen Perkins and Alberto Martinez. The service took place at the Wayne Perkins abode in Haight avenue, Alameda, the Rev. Elmao McBurney officiating. The bride wore a handsome robe of white satin becomingly made. Her costume was completed with a long filmy veil and caught in place by a coronet of orange blossoms.

Miss Ruth Hazel Perkins, as maid of honor, wore blue satin of a delicate shade, and Miss Katherine Hasty, as bridesmaid, was gowned in white lace over silk. Oliver Harker acted as groomsman.

After a wedding supper Mr. and Mrs. Martinez departed on their honeymoon and on their return will reside in Alameda. The bride is popular socially and is a gifted member of the local musical colony. She has appeared frequently at exclusive club affairs and smart gatherings.

The Unconsciousness of Real Grace

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

A WOMAN has entered our midst with the glorious mission of teaching the American society woman grace. She advertised the fact that she is to show our ultra-fashionable women in the most vivid possible manner just how to rise, to sit, to leave and enter a carriage, to courtesy and to do endless gymnastics that society women are called upon to do. The chief principle of the instruction is thinking right. "If one always thinks beautiful thoughts one will always be beautiful." That is quite true, and if one thinks of the thing one wants to do, and not just how one is going to do it, one will have all the necessary grace required for the doing. This teacher of grace speaks much about center poise, and says that American women sit upon their backs and not upon their spines. All this is diverting and beside the point. She speaks much of deep breathing and poise. Summed up, she means that physical exercise is the secret of poise and grace. Our American women's meals is conducive to heaviness. Women who have adopted the fad of walking or standing immediately after eating are more graceful by far than those who lounge about a room. Grace is inborn—there are women who are graceful in anything they undertake to do or say, and there are women who cannot be graceful under any circumstances.

Cultivation of grace is the cultivation of the physical body, but is entirely mechanical unless a gentleness of manner accompanies it. To enter a carriage gracefully, to sit, to rise, to greet a friend, to courtesy to royalty, or to walk across a room is entirely a matter of physical condition. A woman whose muscles are pliant, and who carries little flesh is always more graceful than a fat woman. She can bend and turn in a lithe manner without stiffness or jerkiness, whereas a heavy woman—I mean not only heavy in weight, but heavy in muscle and mind—will be stiff and awkward in anything she may do.

If this woman can instill in her audiences a desire to be graceful in manner through kindness of heart and good fellowship, her work will be a boon to all womankind. To find your center poise you must find your motive, and from that motive and honestness of purpose, combined with a desire for making others happy instead of gathering happiness from others, you will add grace to every action, either physical or mental. Remember, whether the knee bends to the deity or royalty the grace is in the humility.

MARJORY.—Dry shampoos when used too frequently are not good for the hair, in fact, they should not be used at all. It is hard to get all the shampoo out of the hair, and clogs up the pores. If your hair is oily there is nothing that will make it more so than the use of dry shampoos. It may make the hair fluffy for a few days after using it, but in time the hair will be more oily than ever. Wash the hair with a good shampoo. Two times a month is not often to shampoo the hair, in fact, three times a month is not harmful if the hair needs it. The following is a good tonic for oily hair: Two ounces witch hazel, two ounces alcohol, one ounce distilled water, and forty grains resorcin. Apply every night, rubbing it thoroughly into the scalp. I shall be glad to send you the formula for a shampoo for oily hair if you will send me a stamped addressed envelope. I shall also send you instructions for deep breathing.

MRS. L. T.—I know of no permanent dye for the eyebrows, but think mascara good for darkening them. This is a sort of water color and is applied with a small brush, you can get it at any drug store. There are also several good eyebrow pencils on the market. I am sending you formula for softening the hands and also an excellent cream for the face.

M. M.—I would advise you to massage your face daily with a good skin food. At night when retiring massage the face with the skin food, applying plenty of it, and allow it to remain overnight. This will feed the skin and make the face plump. I shall be glad to send you the formula for the skin food and directions for facial massage, also an excellent tonic for the hair, if you will send me a stamped addressed envelope.

MARGARET.—Witch hazel is excellent for closing the pores. I think it one of the best astringents. Wet cloths in hot witch hazel and place them over the face, allowing them to remain until they are cold. Cold water is also good, and a piece of ice rubbed over the face after washing in hot water is excellent. It makes the flesh firm and also closes the pores. I shall be glad to send you the formula for astringent lotion and also the skin food with directions for facial massage if you will send me a stamped addressed envelope.

BEATRICE J.—There is such a thing as manicuring the nails too often. This is probably the cause of the white spots appearing, and your nails geting so brittle. The nails should be manicured once a week, and each morning the cuticle pushed back gently with the blunt end of an orange wood stick, slightly polished, and cleaned with the orange wood stick, the pointed end of which, with a bit of cotton around it, has been dipped into soapy water. This cleanses the nails and does not injure the delicate skin underneath them. Do not polish the nails highly, for that is bad taste, and do not rub them until they get hot. Never use sharp instruments under the nails, for it not only injures the delicate skin but makes them almost impossible to keep clean. I shall be happy to send you instructions for manicuring the nails if you will send me a stamped addressed envelope.

OAKLAND'S BOYS AND GIRLS

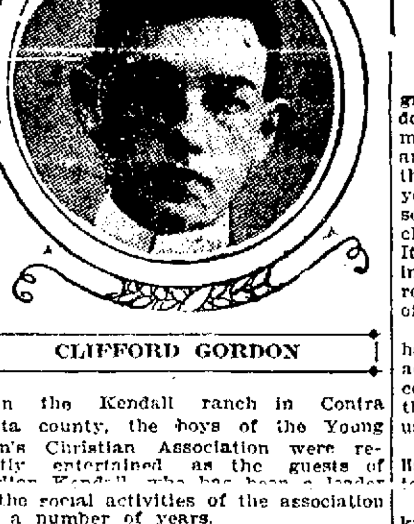
PUPILS RETURN FOR NEW SCHOOL TERM

With a ten weeks' vacation drawing to a close, hundreds of boys and girls of the local schools are returning from the various summer resorts, ready to enter school, with the opening of the fall term, August 19. It was one of the longest periods of rest in the history of the Oakland school department, the extra days being added for the purpose of allowing the carpenters to complete repairs in the school buildings.

With the exception of the new intermediate high school being introduced in the department there will be few changes in the curriculum this term. The high schools will open at 8 o'clock and will close at 4 o'clock. The system of student self-government, which has worked successfully will be continued in the high schools. In many of the grammar schools the military discipline in marching and student affairs was practiced last semester.

The athletic activities which played an important part in the out-of-door life of the boys and girls will be renewed. Track baseball, basketball and handball teams will be formed. Many athletes who won honors in the games in the spring will head the organization this fall.

KENDALL, HOST TO Y. M. C. A. BOYS



CLIFFORD GORDON

On the Kendall ranch in Contra Costa county, the boys of the Young Men's Christian Association were recently entertained as the guests of Carlton Kendall, who has been a leader in the social activities of the association for a number of years.

Clifford Gordon, who was bidden to join the hiking party to the ranch was unable to accept as he had left for the mountains.

This morning the following boys inspected the Judson Iron works at Emeryville: Ira Riles, Lester Liston, Solon Damoniakes, Paul Ryan, Dean Malcolm, James Brown, Emil Girand, Arthur Smith, Emil Ziemer, Clindinin Brown, Francis Bridges, Louis Kork, Donald Burpee, Raymond Larson, Frank Eliel, Alan Day and Warren Forgerson.

Early Monday morning a number of lads of the Association will leave here for a four days' trip into Santa Clara valley on bicycles. They will be under the [illegible] who has arranged the itinerary as follows: The first day they will visit the State Game Farm in Hayward; thence to Ellsworth Fruit Drying plant near Niles, passing the night in camp near Mission San Jose. From that point they will ride to Alum Rock, where they will inspect the canneries and dairies. The boys will visit the Chambers of Commerce in Santa Clara and San Jose, also the asylum at Agnews. The fourth day they will journey to Alvarado and Decoto where they will study the sugar refineries as the final stopping place before returning to this city.

PLAYGROUND WORK IN OAKLAND WELL ORGANIZED

Playground work in the Franklin school grounds is well organized and the outdoor gymnasium, which was installed some months ago by the playground commission and the members of the Mothers' club of the school, is proving an attraction for the youngsters. Since the closing of the schools, the daily average attendance of children at the playgrounds has been 150. It has been encouraging to the directors in charge, Miss Elizabeth Clow, who directs the girls' division and Richard Lee of the boys' department.

Although the full playground equipment has not yet been installed, the swings, acting bars, running track and tennis courts, have furnished much pleasure for the little ones. The tennis courts are used almost exclusively by the boys.

The playground supervisors have established baseball, basketball and volley ball teams for the boys and girls.

About a month ago, the organization known as the Campfire girls was formed. Also a mothers' club, which is composed of tots ranging in ages from six to fourteen years. The mission is to impersonate their elders by donning their mothers' clothes. They propose to sew for their dolls and wash their garments.

During the school session the playground will be open until 5:30 daily, under supervision.

HAITIEN PALACE BURNS; 400 KILLED AND INJURED

CIVIL WAR IS NOW NEAR IN TURKEY

Rival Parliament Plans to Proclaim Deposed Abdul as Sultan.

Ottoman Troops Massacre the People of Two Bulgarian Villages.

LONDON, Aug 8.—Near-eastern affairs are reaching a crisis, according to reports from Constantinople, which say that the commitee of Union and Progressive have resolved to summon the dissolved chamber of deputies to reassemble at Adrianople, to which the city leaders have already gone. The government has proclaimed martial law at Salonika, Adrianople and Smyrna.

The Daily Chronicle's correspondent who recently was in Constantinople, considers that civil war is inevitable and that it is not unlikely that the committee's rival parliament will form a cabinet and recall and proclaim the deposed Abdul Hamid as Sultan. Added to the universal troubles are difficulties with Montenegro and Bulgaria.

A Vienna dispatch says that after the [illegible] massacre the Turkish troops proceeded to Sermonena, massacring the people of two Bulgarian villages on the way.

The fighting at Sermonena lasted five hours and the Bulgarians were defeated. They fled and the Turks then butchered the aged men, women and children who were left behind, and set fire to the town, many perishing in the flames. This report has not been confirmed.

CONSTANTINOPLE, Aug 8.—A dispatch from Petch (also known as Ipek), about 73 miles northeast of Skulari, says the judge of the civil court was assassinated while sitting on the bench yesterday. The inmates of the prison in the town attempted to escape, but were prevented by the troops. A Bulgarian was arrested at Kenprila while he was in the act of placing a bomb in the local club.

SALOMIKI Turkey, Aug 8.—Fighting continues without cessation along the Montenegrin frontier, where a number of guerrilla bands have been in conflict with the Turkish troops for the past three days.

The Montenegrin troops who came into contact with the Turks yesterday when they crossed the frontier and the Malissori tribesmen have destroyed eleven Turkish blockhouses. Reinforcements have been sent to the Turkish regular troops and to the Montenegrin militia, who have formed a strong cordon to guard their frontier.

From the town of Uskup reports have been received that several bomb explosions have occurred on the railroad, a freight train being wrecked and several persons injured.

CLEAR SAN JOSE MAN OF CHARGE

C. L. Southgate Not Responsible for Automobile Accident in This City.

As a result of police investigation C. L. Southgate of 869 South Tenth street, San Jose, has been vindicated of any connection with the injury of Caesar Pregno and Amillo Alara, two motorcyclists who were run down by an automobile in San Pablo avenue last Sunday morning and left at Forty-second and Telegraph avenue to find their way home as best they could.

Through some mistake in numbers given by persons claiming to have seen the automobile after the accident, Southgate's name was connected with the affair as the numbers obtained corresponded to that of his car. Southgate is the proprietor of a San Jose laundry and well known in that city.

He was not away from home at all last Sunday, according to his statement which was corroborated by a large number of his friends. His arrest had not been asked for by the local police, as they at no time were certain as to the identity of the automobile. Acting Chief of Police Petersen said today that inspectors were still working on the case but that Southgate had been entirely eliminated.

ALAMEDA GIRL TERRIBLY INJURED BY AUTOMOBILE

EAR TORN FROM HEAD OF VICTIM

Mary Perry, Six Years Old, May Die as Result of Accident.

MARY PERRY.

ALAMEDA, Aug 8.—Mary Perry, a 6-year-old Alameda girl, who was seriously injured yesterday evening when she was struck by the auto of F. N Strang, was removed to the county infirmary in the auto ambulance late last night. The physicians said that the child would probably die unless taken from the Perry home to a hospital where skilled care was available at all times. Reports from the infirmary this morning are that the child passed a comfortable night and appeared to be in a satisfactory condition. The little girl will probably recover unless the shock kills her, but she will be disfigured for life.

The left ear was gouged out of the head, the skull being laid bare. In addition there are two serious cuts on the top of the head, bruises on the left side of the face and cuts and bruises on the chest.

The child, with other children, was riding on the tailgate of a passing wagon as Strang, with three San Francisco women, undertook to pass the wagon. Just as the auto started by the wagon the little girl jumped off the tailgate and started in front of the auto. She was knocked down by the front of the car and the car passed over her body though the wheels did not run over her. Strang stopped as quickly as possible and summoned help.

SAN FRANCISCANS IN AUTO.

The three women with Strang were Mrs. L. A. Pierre, 1117 Geary street; Mrs. A. Garfield, 3895 Twenty-second street; and Mrs. L. Schaeffer, 925 Sacramento street, all of San Francisco. They came to Alameda from their homes in San Francisco yesterday to view Alameda properties with the intention of purchasing. Strang is a contractor and real estate operator and was showing them about the city as prospective customers.

The child's father, Eugain Perry is in northern latitudes with the Alaska Packers' fleet, going north four months ago. The mother has been working away from home to help make a livelihood for the family of three children, two boys and a girl. She did not know of the accident until after the child had been taken to the Emergency Hospital. The mother was in a hysterical condition early last night but later revived sufficiently to accompany her child to the county infirmary. She said today that she had warned the children not to jump on passing vehicles and had left the little girl playing on the porch.

HUNTRESSES GIVE NOTICE TO GAME

By Obtaining Licenses Women Make Known Intention to Emulate Diana.

Fish and game may be decreasing in California, but the number of hunting licenses issued in Alameda county would give no indication of the fact. Nearly 2500 permits to hunt have been issued from the office of the county clerk since the season opened and this number is being increased on an average of twenty a day. Three aliens have paid $25 each for the privilege that costs but $1 to the American citizen.

One of the interesting features of the rush of nimrods is the number of women who have applied for the little green tag that gives them the right to fire bullets at the festive deer or cast deceptive flies into the deep pools where wary trout abide. Almost 100 women have enlisted in the army of Diana.

Among the women who have recently qualified as hunters are:

Alice Chandler Baden, 2897 Piedmont avenue; Mary F. S. Lemos, Livermore; Marion Frietas, Sunol Glen; Edna A. Steele, 2327 Mitchell street, Oakland; Lizzie Jung, 417 Thirty-eighth street; Maud C. Sorensen, 2946 Grove street, Berkeley, and Fortuna Vargos, Hayward.

CHINESE BUILDING AT FAIR IS PLANNED

LOS ANGELES, Aug 8.—At a meeting of the executive committee of the Chinese Chamber of Commerce held in this city Tuesday night it was unanimously voted, after several months of agitation, to ask the new Chinese government to set aside a substantial sum [illegible] building, and the installation of an extensive Chinese exhibit at the San Francisco Exposition in 1915. The Los Angeles Chinese will ask that the building be strictly Cantonese in architectural design, reflecting the modern as well as the ancient China, and embracing up-to-date features of Chinese life and enterprise including replicas of Chinese engineering feats, concerts, construction, bridge building, etc. the entire building to be surrounded by beautiful tea gardens, gold-fish lakes, electric fountains, Mandarin tea-houses and the flora and fauna from the northern and southern provinces.

ROUTS ARMED THUG IN BATTLE

Marine Engineer Is Victor in Fight for Possession of Revolver.

SAN FRANCISCO, Aug. 8.—Awakened early this morning by a knock on his door, B. J. Howell, a marine engineer, residing at the Hotel Winchester, responded only to find himself confronted with a masked robber carrying a nickle-plated revolver.

Howell promptly threw up his hands. As the highwayman stepped across the threshold, however, he whirled upon him and fought for the possession of the gun.

The thug bore him to the floor in the struggle and the two were locked together, the weapon remaining all the time thrust closely against Howell's body. He had his finger on the hammer, however, and finally, feeling that they were both evenly matched, he shouted for help. There was a commotion upstairs and the robber, terrified, left his revolver and ran.

In the battle the mask had been torn from his face. It was turned over, together with the pistol, to the police. Detectives armed with these clews are endeavoring to trace the man's identity.

The Winchester Hotel is in the heart of the city and two policemen were on the corner of Third and Market street at the time the attempted robbery occurred.

R. T. STURTEVANT DIES IN PIEDMONT

Son of Mrs. B. Sturtevant Peet Passes Away at Home of Sister.

PIEDMONT, Aug 8.—After an illness of several weeks Robert Taft Sturtevant, son of Mrs B. Sturtevant Peet, former president of the State Women's Christian Temperance Union, and the late Ethan Allen Sturtevant, died this morning at the home of his sister, Mrs Edwin Boyce Kimball, of 209 Hillside avenue.

Up to a few days ago the members of the immediate family and Dr Howard [illegible] of San Francisco, who was the attending physician, were hopeful of his recovery. Word has been received by Mrs. Sturtevant Peet from her daughter, who is homeward bound from a European trip, that she will be here soon, when arrangements for the funeral will be made.

Robert Sturtevant was a hardware merchant of San Francisco and Los Angeles. He was highly esteemed in the commercial world for his integrity of character and his generosity. He had many friends in various parts of this state, where he passed the greater part of his life.

The deceased was born in Middleberry, Vt., August 9, 1876, and his ancestors descended from the family of William Howard Taft, President of the United States. Robert Sturtevant was educated in San Jose, where he passed his boyhood days.

Co-operating with his mother in temperance work Robert Sturtevant was a staunch advocate of prohibition, although he did not take part in the campaign in which she was engaged for many years.

The body of the young merchant will lie in state until the return of his sister [illegible] Mrs B. Sturtevant Peet and Mrs Edwin Boyce Kimball.

POLITENESS COSTS $32.

SAN FRANCISCO, Aug. 8.—Two strangers who asked a number of questions of Charles Duran, bartender in the saloon at 1759 Mission street, succeeded in robbing the till of $32 last night. Apparently unable to make the pair understand the directions he had given them, Duran walked to the door to point out the way. Meantime one of them slipped back into the place and took all the money in the drawer.

WATCH IS STOLEN.

SAN FRANCISCO, Aug. 8.—D. P. Galligan of 724 Brazil street reports the theft of a gold watch while he was a passenger on a car last night. Galligan is a fireman attached to Engine 24. A. Kipp[illegible] was robbed of $35 on the steamer Chehalis lying at Folsom street wharf yesterday.

Report That Americans Had Been Slain By Rebels Is Denied.

WASHINGTON, Aug. 8.—Shots again were fired last night from the Mexican side of the border line at the American troops in El Paso, according to a report received here today at the war department.

DENY MURDER REPORT.

SANTA MONICA, Cal, Aug. 8.—Reports that Harold Haigler, a Los Angeles man, had been tied to a tree and shot to death by Mexican rebels near Tampico, in order to force American intervention, were denied in a message received here today by Mrs. Fay Farris, sister of young Haigler, from Haigler's widow at San Antonio, Texas. Mrs Heigler declared her husband died from malarial fever and was buried at Tampico.

QUIET AT SONORA.

DOUGLAS, Ariz., Aug 8.—Reports from all districts of Northern Sonora today stated all was quiet and that no rebels in any considerable number had been found by federal troopers. The big mining interests at Cananea, El Tigre and Nacozari have never been disturbed on account of the revolution.

Federal commanders in various northern Sonora districts are keeping a close watch, as it was supposed the greater part of the rebels fleeing from Chihuahua would eventually find their way into Sonora, but so far none but small roving bands have been encountered.

The report that two boys named Boyd had been murdered at the Corretas ranch was denied in a telegram received here today from the father of the boys, who declared his sons were safe at Hachita.

SLIGHT HOPE FOR PEACE.

MEXICO CITY, Aug. 8.—Influenced by appeal from government representatives not to contribute more weight to the burden of disorders Mexico already carries, the textile mill strikers in both the Orizaba district and the Puebla today agreed to return to work tomorrow.

They were promised that a revision of wages would be effected within a few months. Puebla strikers promised compliance for five months.

Slight hope is expressed for a settlement of the differences the two factions soon to meet in peace conference.

Three commissioners who are to confer with the rebel leader left today for the Mexican palace. It was reported Zapata will have difficulty in keeping his men in line even if he should agree to any terms involving less than the resignation of Madero.

OROZCO INSISTENT.

EL PASO, Texas, Aug. 8.—General Orozco late last night gave an interview to the Associated Press at Juarez, Mexico, in which he admitted that there was an exchange of greetings between him and Minister Hernandez early yesterday in which only cards were exchanged. Orozco declared that he and Hernandez were not in speaking distance of each other. "There have been no overtures of peace," declared Orozco, "nor will there be unless President Madero resigns or his family is eliminated from the cabinet. Senor Hernandez and I merely exchanged cards as old friends.

HUERTA LAYS PLANS.

CHIHUAHUA, Aug. 8.—General Pasqual Orozco's inability to hold his rebel army together has forced the adoption of new plans by General Huerta, the federal commander. Until he had driven the rebels back from Bachimba, General Huerta kept his entire fighting strength in a confined area, but the campaign he now is beginning will necessitate a scattering of [illegible] on the international boundary, to Torreon, 520 miles south.

The small columns will attempt to hunt down the weakened insurrecto bands. A small force of regular will be left here.

REBELS ARE HUNTED.

DOUGLAS, Ariz., Aug. 8.—Mexican federals, according to information reaching here last night, made practically no endeavor yesterday to locate rebels reported within fifty miles of Agua Prieta, Sonora.

Reports indicated that fully 300 rebels were in the vicinity of Puerta de San Luis, 57 miles east of Agua Prieta, and that reinforcements numbering 500 were marching north to join them. It was said that a small scouting party had an encounter with General Sanjines' men near Janos Sunday and then retreated to Ojitos.

Federal reinforcements were said to be reaching Agua Prieta daily. The garrison there today was said to number fully 500. Federal officers were quoted as saying they would not fight the rebels in the town. If a conflict should develop because of international complicatoins liked to follow a battle so near the American boundary, but would meet their foes farther south if given sufficient warning of their approach.

HELD UP AND ROBBED.

PAY $250 FOR WITCHCRAFT 'CURE'

Couple Find Treatment for Evil Spirits; Action Is Fraud.

Clairvoyant Prosecuted for Practicing Without License Fined $350.

After paying $350 in gold to Madam Nettie Taylor, a clairvoyant of 747 Market street, who had agreed to cure them of certain ailments alleged to be due to the action of an evil spirit or witchcraft, Salvatore Ricciardi and his wife, Luigia, of 1217 Kearny street, San Francisco, came to the conclusion that the method of treatment was a fraud and had Madam Taylor arrested on a charge of practicing medicine without a license. The complaint was sworn to before the state board of pharmacy.

Today Police Judge Mortimer Smith sentenced the clairvoyant to pay a fine of $350 with the alternative of 175 days in jail. A possible charge of obtaining money by trick and device was not pressed. The defendant went to jail in lieu of payment of the fine.

Ricciardi and his wife were recommended to Madam Taylor and were induced to enter into a written agreement for the treatment. When they failed to obtain beneficial results as promptly as had been promised they investigated, and then wanted their money back. Attorney Joseph Koford of the state board of pharmacy prosecuted the case.

PROMISES CURE.

The unique agreement entered into between the parties and which was introduced as evidence, is as follows:

"This is to certify that I, the undersigned, Madam Taylor, life reader and clairvoyant, with offices at No. 747 Market street, city of Oakland, county of Alameda, state of California, for and in consideration of the sum of two hundred and fifty ($250) dollars, in gold coin of the United States of America, to me in hand paid by Salvatore Ricciardi and Luigia Ricciardi, his wife, of the city and county of San Francisco, state of California, the receipt whereof is hereby acknowledged, do promise and agree to and with the said Salvatore and Luigia Ricciardi to completely and permanently cure them of certain ailments they complain of, both of mind and body, alleged to be due to the action of evil spirits or witchcraft, and I further promise and agree that if inside of eight months from date hereof, the said Salvatore and Luigia Ricciardi should not feel relieved, free and cured of such ailments, principally stomach disorders and imaginary persecution, I will return to them, or pay to their order the full sum of money paid to me, to-wit, $250, at the expiration of said term of eight months, to-wit, on the 25th day of June, 1912.

"In witness whereof I have hereunto set my hand this 25th day of October, 1911, in the presence of the undersigned witnesses, in the city of Oakland, county of Alameda, state of California.

EXPLOSION STARTS FIRE; REPUBLIC'S HEAD DIES

Powder Magazine Blows Up and Shatters President's Dwelling

PORT AU PRINCE, Hayti, Aug. 8.—General Cincinnatus Leconte, president of the republic of Hayti, perished today in a fire which destroyed the national palace. It was caused by an explosion of the powder magazine attached to the palace.

The casualty list in dead and wounded amounts to 400 persons.

The explosion occurred at 3:15 o'clock this morning and the shock shattered the palace. Fire followed quickly and the palace, a wooden structure, was consumed within half an hour. There were a great number of explosions of munitions of war that had been stored in the cellars.

All the houses around the palace were greatly damaged but as the palace itself was isolated the firemen succeeded in their efforts to localize the fire.

The explosion was accidental and resulted from a fire in the powder magazine.

The members of the family of the president, all of whom were in the palace at the time, were saved, but President Leconte himself perished.

Consternation reigns among the populace but no disorders have occurred. The military authorities are maintaining order of the town.

Both the Chamber and the Senate have been called in national assembly and probably will nominate a successor to President Leconte today. General Tancrede Auguste, who is a senator and was formerly minister of public works, and Senator Luxemburg Cauvin, formerly minister of the interior, are candidates.

Cincinnatus Leconte was elected unanimously by Congress president of Haiti, August 14, last year.

He first gained prominence in Haitien affairs in 1908, when as minister of the interior in the cabinet of President Nord Alexis, he was credited with ordering the summary shooting of [illegible] prominent revolutionists at Port-au-Prince.

When President Nord Alexis was [illegible] shortly afterward, Leconte went into exile in Jamaica. While there he intrigued against the new president, Simon, and in January 1911, started a revolution against him. The insurgents were defeated and Leconte took refuge in the German consulate at Cape Haitien, later being sent from the island under German protection.

Leconte returned to Haiti last May and succeeded in overthrowing President Simon.

He was a mulatto between 40 and 50 years old and belonged to the legal profession.

CITY CAPTURED.

WASHINGTON, Aug. 8.—Dajabon, San Domingo, has been captured by rebels from Haitien territory, according to state department advices from Port Au Prince. The fight which resulted in the capture lasted fourteen hours. The wounded numbered 200. The rebels, it is said, crossed from Ouanaminthe, Haiti.

The Dominican government claims the defeat of the rebels with great losses. Rights of foreigners and nations are being respected and the customs house is undisturbed. The United States gunboat Petrel is at Puerto Plata.

SAN BRUNO SEES FIRST OF GREAT HIGHWAY WORK

Initial Shovel of Earth Is Turned on El Camino Real

SAN BRUNO, Aug. 8.—Burton A. Towne, president of the State Highway Commission, turned the first shovelful of earth in the construction of the great El Camino Real here yesterday in the presence of a great crowd of men and women. This is the first of the work of building $18,000,000 roads in this state under the direction of the State Highway Commission.

After the first earth had been turned by Towne and the cheering had died away he made a short speech, stating that he had traveled 5000 miles since his appointment and that all of this was for the purpose of inspecting roads. He added that 1500 miles of road have been surveyed up to the present time, drafts have been completed for the construction of 800 miles, contracts let for thirty-seven miles and additional contracts for seventy-five miles are to be let in a week or so.

The barbecue opened after Towne's speech and over 500 guests sat down, while the San Mateo band furnished the music. The barbecue was held almost in the center of the section of road the Highway Commission is constructing between South San Francisco and Burlingame.

Percy J. Walker, president of the California Automobile Dealers' Association, made a few remarks of the advantages of having good roads throughout the state. He was followed by Judge J. T. Ronald of Seattle, president of the Pacific Highway Convention, now in session in San Francisco. Thomas Taylor, minister of public works of British Columbia, also spoke on the importance of having good roads.

Tax Millionaires, Advises Carnegie in British Speech

NEW YORK, Aug. 8.—That Andrew Carnegie is a firm believer in a graduated income tax is shown in a passage from a speech made by him this week at Montrose, England. A cabled abstract of his address quotes him as follows:

"In one department the motherland is ahead of the Dominions and the United States. She has established the law, first proclaimed by Adam Smith, that every subject should contribute to the support of the government in proportion to the income he enjoys under the protection of the state.

"This just taxation the millionaire of the Dominions and the United States have so far escaped, but their day is coming. The hordes of millionaires should be so treated, not as a punishment, but for their good, because it is just and justice alone insures general contentment."

FIRES AT WIFE; TAKES POISON

Denver Man Runs Amuck After Helpmeet Refuses to Give Him $5.

DENVER, Aug 8.—After shooting his wife twice in the back inflicting fatal wounds Henry Robitilli, early today, turned his weapon upon the employes and patrons of a restaurant in which the shooting occured. The shots went wild.

Three hours later Robitilli walked into a saloon twenty blocks from the scene of the shooting.

[illegible] "Give me all the cash in the drawer."

Robitilli made no move to take the money. Instead he forced the bartender to have several drinks. In a moment of relaxed vigilance the man was overpowered. At the city jail Robitilli became unconscious and was rushed to the county hospital where it is reported he is suffering from poison, presumably taken while drinking at the saloon.

Robitilli went to the restaurant, on Larimer street, where his wife was employed and demanded $5. When the woman refused to give it to him he opened fire upon her.

DARROW DEFENSE SCORES HEAVILY

Judge Hutton Sustains Objections to Questions Asked Cantrell.

LOS ANGELES, Aug. 8.—Judge Hutton sustained the objection of the defense to the question asked E. A. Cantrell yesterday, tending to impeach the testimony of Job Harriman in the bribery trial of Clarence S. Darrow, when the trial was resumed today.

The court ruled that the question which related to Harriman's alleged connection with the Los Angeles Times' dynamiters, purported to impeach Harriman in a collateral matter and, therefore, was improper.

Notwithstanding the ruling, Chief Counsel Rogers of the defense, on the grounds that Cantrell had inadvertently answered the question in the affirmative during yesterday's session, asked that the defense be permitted to cross-examine Cantrell.

A unique situation developed when Rogers withdrew the original objection which had precipitated the lengthy argument, but District Attorney Fredericks met the move by withdrawing the question, leaving nothing before the court, but the desire of the defense to cross-examine Cantrell. Judge Hutton ordered Cantrell excused from the witness stand.

The remainder of the forenoon session was taken up with two street car conductors called by the state in rebuttal of the testimony of Frank E. Wolfe.

CHILD GARDENS TO BE CLOSED

University Beds to Be Superseded by City Plots, Dr. Stebbins Hopes.

UNIVERSITY OF CALIFORNIA, August 8.—The children's gardens which have been conducted for a year past on the university campus and have been the nucleus of the Junior Gardening clubs of the state, will be discontinued with the reopening of the university. *Professor C. A. Stebbins*, who has been in charge declares the work has now reached such a stage that it is the duty of the several cities to take it in hand under the direction of the school boards.

A number of Berkeley school children have been chiefly interested in the gardens, which were located at the Center street entrance to the campus. Vegetables and flowers have both been grown and sold to defray the expenses of the gardens. A sweet pea contest held several weeks ago was participated in by children of both sides of the bay.

OROVILLE BOYS CAMP IN ALAMEDA PARK

ALAMEDA, Aug. 8.—That the climate of Alameda is attractive to many from the interior towns of the Sacramento valley is demonstrated by the fact that Lincoln park, in this city, has been selected by a company of boys of the First Baptist church of Oroville in which to spend their vacation, and they are encamped there today. The boys are under the charge of Rev. David Catchpole, pastor of the Oroville church, and contemplate spending a pleasant fortnight.

Ball games and swimming parties have been arranged for the youths, and already they have made the acquaintance of many Alameda boys, who are showing them the "ropes."

A ball game was played this afternoon on the Lincoln park diamond between two picked teams from the encampment.

These will include dances and other entertainments.

The committee in charge of the next whist party is made up of C. F. Banta, Tom Stoddard and Emory O. Tuttle. The whist parties are open to the public.

The mines will be opened at once and operated to supply the local plants here, of which there are two and another large one building. These big deposits were unavailable until the construction of a new railroad from Portersville to Visalia.

The purchase will allow the factories here to secure the product on this coast instead of importing it from the east as heretofore, and it means much to the porcelain manufacturing industry at Richmond.

DODGES MISSILES; WEARIES OF JOB

The tendency of Mrs. Sarah Zunino to hurl missiles at her husband's head and the *impartiality which she showed in* choosing the missiles led her husband, D. Zunino, to file suit for divorce in the Superior Court this morning. Zunino said his wife hit him with a clothes iron, a broomstick, a club, a coal oil lamp, two table glasses, a carving knife, and "other things."

The husband seeks the household furniture and a minor child.

ROLPH IS AFTER LOWER INSURANCE

Mayor Declares He Will Seek to Compel Reduction of Rates.

SAN FRANCISCO, Aug. 8.—In a newspaper interview published today, Mayor James Rolph Jr. announced his intention of compelling a lowering of insurance rates in this city. The Mayor charged that the present rates are exorbitant and said he would call a meeting of citizens to take action.

"Unless there is a substantial reduction in insurance rates in San Francisco very soon," said the Mayor, "I shall take official action to force the insurance companies to do justice to the people of this city. Every improvement organization in San Francisco will be asked to participate in a public meeting and we will thresh this matter out to a finish.

"Ever since 1906 the people of San Francisco have been mulcted by the insurance ring. They put up the plea that the fire protection system warranted the rates. San Francisco now is the best protected city in the country. We have established a complete chain of fire houses, installed motor-driven apparatus, have fire boats plying the bay and a high pressure system. The efficiency of the whole department has been raised to a point where reductions should be made at once."

ASKS FIRE DEPARTMENT TO BURN OFF GRASS

BERKELEY, Aug. 8.—A plea for the assistance of the fire department in burning grass from the vacant lots in Northbrae, Berkeley Heights and Grandview was made to the city council this morning by W. J. Miles of the Mason McDuffie company. Miles declared the residents there were willing to assist the department in this work but desired the supervision of experts in fire fighting to render the burning safe. Commissioner Christian Hoff declared the department could not undertake the work as other portions of the city were equally afflicted with grass and as the department could not make itself responsible for what damage might be done. Mayor Wilson pledged the council to the passage of an ordinance before next year making it mandatory upon property owners to clean the lots themselves.

YENSEN DIDN'T YUMP; HE LIVES

Landlord With Bill Keeps Longshoreman From Watery Grave.

Hans Jensen, a burly longshoreman, was saved from a suicide's death yesterday evening by the callousness of a compatriot who eyed, with evident relish, the preparations which Jensen was making to leap from the Webster street bridge.

Hans was afflicted with acute melancholia, superinduced by a pint of gin. He decided that the world had failed to appreciate him and that the world should be taught a lesson. In order that *his departure from this mundane sphere* should have the proper accessories, Hans waited until he saw some one approaching. Then calmly he removed his hat and shoes, and with great dignity he balanced himself on the railing of the bridge. The propitious moment had arrived for tearful entreaties from the horrified spectator.

Did the horrified spectator interfere? He did not. The horrified spectator turned out to be Jensen's landlord who held an unpaid bill for three weeks' board and lodging.

Swenson, the landlord, looked up at Jensen, the landlubber, and said calmly:

"Why you doan yump?"

"Bane you want t' see me yump?" said Jensen in dismay.

"Ya."

Jensen climbed down off the railing and put on his hat and shoes.

"Den ay tank ay gonna jump som' oder day," he said and off he trudged. Swensen told his story to a policeman at the foot of Broadway, but the latter worthy declined to arrest any man with as much injured dignity as Jensen.

FREIGHTER HITS LINER IN HARBOR

Nevadan and Montara In Collision Off Long Wharf.

With a grinding roar the American-Hawaiian freighter Nevadan struck the Pacific Coast Steamship Company's freight and passenger liner, Montara, amidships, in collision off berth 10, Long wharf, shortly before 5 o'clock yesterday afternoon. The shock caused both vessels to veer and careen in such a manner that for several minutes it was thought that the Montara had had several of her seams below the water line opened.

The crews from both steamers rushed upon the decks in a panic and for some few minutes general confusion reigned. An investigation proved that a number of the Montara's plates were badly bent and twisted, while the entire forward rail of the Nevadan was a mass of wreckage. The damage to the Montara is estimated at $300, while that of the Nevadan will probably reach the century mark.

The Nevadan was in charge of Captain Anderson. According to witnesses of the accident the collison was unevitable. Both liners were steaming for berths at the local whaf, when by some unaccountable coincident both attempted to take the same berth. The Montara ran in front of the Nevadan and before Anderson could bring his command to a stop the collision had occurred.

JOHN KILLILAY IS AFTER RUBE MARQUARD'S RECORD

Former Bean Town Slabster Pitches Oaks Into Victory With the Aid of Elmer Zacher

SACRAMENTO, Aug. 8. — John Killilay did much to keep the Oaks right behind the Hooligans and Angels here yesterday afternoon by pitching one grand ball game. At that he wobbled a bit in the eighth inning and a big sign of danger was in the air, but E. Zacher, crack outfielder of them all, went out into deep right centerfield and cut off two runs with a wonderful barehanded catch.

It was the seventh time in a row that John Killilay had a win placed after his name. In fact he is yet to taste the bitterness of defeat.

Killilay allowed the locals only six hits, and had it not been for Tommy Madden there might have been only three; for Tommy rung up three of the six Sacramento hits and drove in the only Sacramento run.

When Madden singled to center and O'Rourke singled to right with one down in the first inning, it looked like a ball game for a few minutes. But the mirage fizzled out when Madden was caught with too big a lead off second and when Billy Orr closed the inning by flying to Hoffman.

Killilay was lucky enough to pull out of the first inning hole. Elmer Zacher's great catch also saved him in the eighth, and Madden's failure to deliver the fourth hit of the day landed Killilay on top of the heap.

SHINN MAKES A BOOT.

Jimmy Shinn put the Senators in the hole when, in the second inning with two down, he dropped Cook's fly to right a few minutes later. But the Honolulu boy was the only Senator to cross the rubber, and Oakland proceeded to break up the tie score in the next frame.

Hetling and Cook opened the fourth with singles, and when Orr cut loose a peg to first that hit Cook on the head, Hetling completed the circuit from third. Frick followed with a single, which sent Cook to third. But Van Buren refused to derrick Williams, and Fitzgerald continued to pitch three or four games out behind the bleachers in his anxiety to be in shape should he get a chance on the mound. Rohrer fanned, but Killilay chopped one down toward first.

KILLILAY CAN HIT.

Van Buren and Williams started after the ball and there was no one left to cover first, so that Killilay's efforts netted him a single. Williams finally reached the ball and heaved it to the plate too late to catch Cook, and Oakland was out in front with the 3 to 1 lead which was good for victory.

Williams continued to get into bad holes for the next four innings, but he was lucky enough to pull out without allowing a score. But Johnny's luck availed him nothing, for his team mates could not solve Killilay for anything that looked like a run. From the fourth to the seventh the locals were let down without a hit. In the eighth Madden broke through with his third hit of the one down toward Hetling and Gus juggling, a single to left. O'Rourke chopped one down toward Hetling and Gus juggled the ball tenderly back and fourth unable to get a firm grip on it until Patsy was safe at first and Madden was perched on second.

ZACHER MADE A CATCH.

Then it was that Zacher detailed himself as chief of the protective department. Jimmy Lewis cut loose a long drive to deep left center that looked like a sure three bagger, and the fans had be-d pictured the score board as it would appear when Madden and O'Rourke had scored on the hit. But Zacher was off like a flash, and although he could not get in front of the drive, he took a long chance and struck out his bare hand—and held the ball.

That put the crusher on the Sacramento hopes, despite the fact that the locals filled the bags in the ninth.

The score.

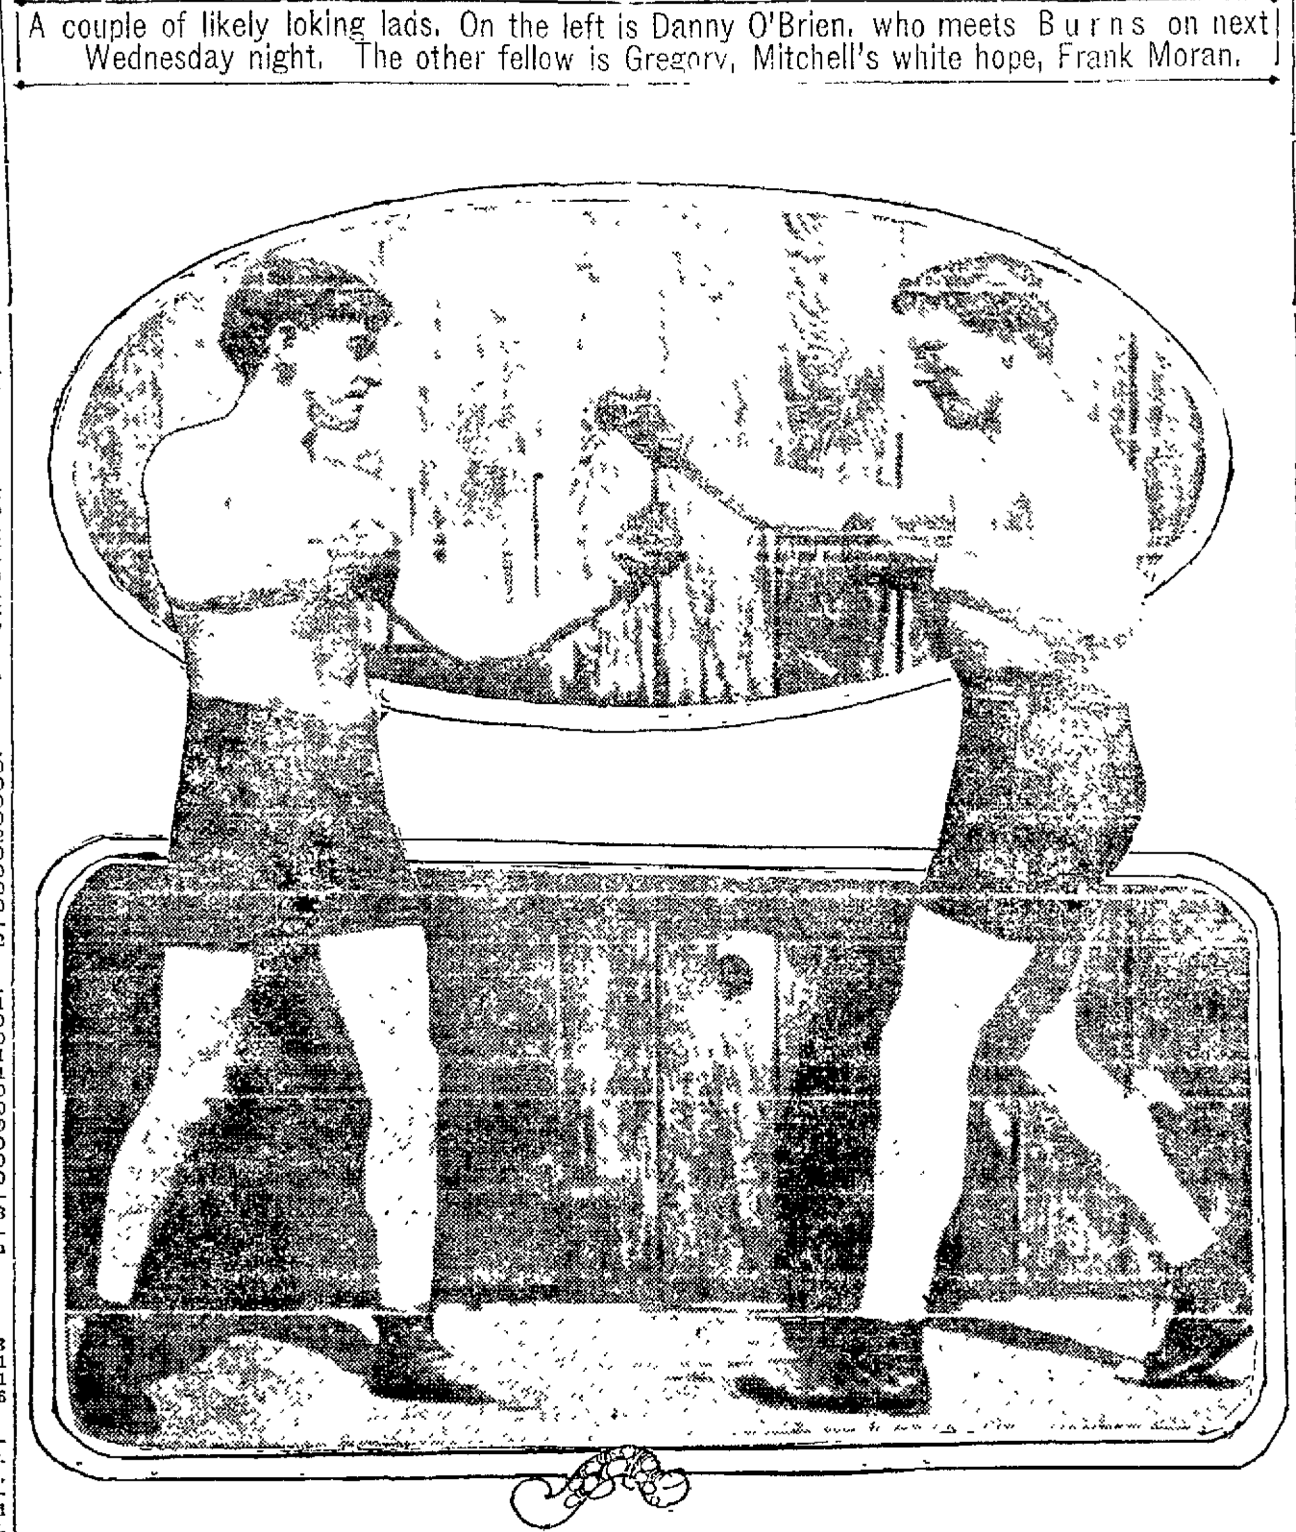
A couple of likely loking lads. On the left is Danny O'Brien, who meets Burns on next Wednesday night. The other fellow is Gregory, Mitchell's white hope, Frank Moran.



CLEVER BOYS WILL FILL OUT O'BRIEN-BURNS BOUT

Joe Sullivan's Boy Leaves Good Impression on Fans; Moran Gets Chance Tomorrow Evening

Although the O'Brien-Burns match is but a couple of days old, the fans are already looking upon the contest with no little interest. Along the line it is picked as being a first-class chance for each of the boys, as they are just far enough up the pugilistic ladder and have done enough with the padded mitts to be talked about.

Of the two Burns is the best known, for he has fought many times around the bay. For a time he was looked upon as a logical candidate for the lightweight crown and was pitted against Wolgast for the honor, but Burns fell short of winning after putting up a most grueling fight.

After the Wolgast mill Burns fought with indifferent success and after his defeat at the hands of Jack Britton looked to be all in, out and down. He came back, though, by beating Johnny Frayne and "Red" Watson and by securing a foul decision over Louie Rees of Los Angeles.

Since then his manager has been hot on the trail of the big bugs of the game, but the promoters were shy on Burns' ability to trip through 20 rounds with Ritchie and the like and suggested that he meet a boy of the caliber of O'Brien.

Perhaps it was their contention or the contention of Burns' manager that the northwestern lad would be easy picking. If that is their idea they want to eliminate that thought at once for according to the dope O'Brien is just as good as Burns. He beat Jerry Murphy three times and this Jerry Murphy beat Jack Britton. O'Brien beat Louis Rees in just as impressive manner as did Burns if not better.

O'Brien can box and he can fight. He knows how to use both hands and he has a heart as big as an elephant and just as strong as a lion. Perhaps Burns might get by him, there is always luck in the fighting game, but if he does, Burns will have to say that he was in a mix-up and it was not a soft think like the Red Watson and other matches that have been picked for him.

O'BRIEN CAN STEP SOME.

Yesterday O'Brien got down to the real hard work of the training camp and after a short session with the ropes, pullies and punching bag he donned the gloves. First he took on Solly Burns for two rounds and then he mixed with Pussy Cove for two rounds and in those four rounds he showed enough to warrant Matchmaker Kyne putting him on as a main eventer.

O'Brien is not a showy boxer by any means, in fact he is inclined to fight more than he boxes in the gymn and once Al White, who was keeping time in the Burns bout, was forced to call time before the three minutes was up so fierce was O'Brien's onslaught on Solly.

In the bout with Cove O'Brien was inclined to rough it and this proved a most strenuous mill. O'Brien uses both hands and can hit well from any angle with each while there is plenty of steam behind the blows.

That he will put up a classy bout with Burns and Frankie wants to be fit and ready when he meets Joe Sullivan's boy else there might be a crimp in championship aspirations of the Oakland boy.

MITCHELL HAS A HOPE.

Gregory Mitchell has a white hope, a real live white hope and he is about the best we have seen in this neck of the woods for many moons. Frank Moran is his name and he hails from Smoky City, otherwise Pittsburg.

Moran is one of the heavies that is to mill at Toby Irwin's show tomorrow night at Dreamland rink over the bay and he acts and looks as if he is going to give the fans their money's worth.

He is meeting Jack Geyer, the husky bruiser from Denver. The latter is well known to the fans, as he has had several bouts in this section. His last contest here was against Charley Miller and the pair went ten rounds to a draw.

Ed Kennedy, the local heavy-weight, will try conclusions with Al Williams, an Eastern boxer. Jim Cameron, the Los Angeles heavy-weight, will endeavor to stop Cleve Hawkins of Chicago in four rounds. Jim Pierobo, the heavy-weight wrestler, will meet Vic Berger.

A bout which should provide plenty of action is the contest between Willie Hoppe, the lightweight from Butchertown, and Solly Burns of Los Angeles. Tony Rose and Russell Kane meet at the middle-weight mark. Joe Stanton and Young Ketchel, lightweights, are carded to mix it in a four-round battle.

Mr. Gil Boag rises to remark that Tommy McFarland was begging One-Round Hogan to allow him to stay in their recent bout at Dreamland rink. This talk looks nice in print when it is true but Boag knows that Hogan had all he could do to get by the youngster and that but for a bad hand McFarland would have made Hogan take to the tall uncut.

The signing of Hogan and Ritchie for a four-round bout at San Francisco does not do the game any good. It is said that the making of a twenty round bout for Admission Day will depend on the outcome of the four-round bout.

Any fan with a grain of gray matter can readily see that neither Mr. Hogan nor Ritchie will try to clean up the other this night when a bigger match and a bigger house is in store.

AROUND THE BASES

There is lots of gloom in Hooligan land today for those Oaks and Angels are hot-footing after the big chief that handles the ball team that represents that home of the rowdy, Vernon.

• • •

Down in the southland Frank Dillon's Climbers gave Happy a merry lacing and this day are but 12 points behind the leaders while B. Sharpe and his crew are but 22 points in the rear and fighting hard.

• • •

It's getting to be a merry race all around, three teams fighting for the top and three teams struggling to keep out of the cellar, all of which pleases the fans, some if not all.

• • •

John Killilay got by with another grand win yesterday and the first thing we know he will be going after that record of John Ruby, Rube Marquard and others.

• • •

Seven games has John pitched now and seven times has he bowled over the enemy. Here's hoping he continues the good work until he has smashed those records and hung up one that never will be touched.

• • •

The ex-Beantown star showed a tendency to go wild on several occasions but then he would come back and fan some batter so the walks didn't put him in much of a hole.

• • •

Chocolate Eclaire fell off in his hitting yesterday and failed to break into the swat column. At that the best of them fall down sometime so there's no kick coming.

• • •

A peep at the score shows that E. Zacher had a busy time of it out in centerfield. It is seldom that an outfielder, especially the middle garden man, gets eight put outs.

• • •

One of the catches that Zacher made was in the eighth inning and a man was at third and another at second. When the ball left the bat it looked like a triple or better but Elmer got under it and it was all off with the solons.

• • •

That asking for wavers on Izzy Hoffman certainly woke the little fellow up for since then he has been playing big league ball and coming along with the timely bingle.

• • •

Gus Hetling had an off day at third, booting two of his three chances but no kick is coming for a man that don't boot the ball isn't much for it shows that he don't go after any and all that are hit his way.

McCAREY SIGNS LITTLE MEN FOR TWENTY ROUNDS

LOS ANGELES, Aug. 8. — Upon receiving word from Abe Attell yesterday that he would not fight Harry Thomas, Manager McCarey of the Vernon club, at once gave the Thomas fight to Frankie Conley, former bantam champion, and now a featherweight contender. They will meet at Vernon on the night of August 20, and McCarey declared the winner would be given first call so far as Vernon engagements were concerned with Champion Johnny Kilbane.

CHICK WRIGHT PLAYS GREAT BILLIARDS WITH BRUNNER

SAN FRANCISCO, Aug. 8.—Chick Wright, the local balkline expert, concluded his match against R. B. Brunner last night in a blaze of glory. The last night's play at Wright's parlors showed a score of 334 to 38 in favor of Wright. His total score was 1000 against 170 for Brunner, and as the conditions of the match were for Wright to make 1000 against 400 for Brunner, it shows how far the winner ran ahead. Wright made a high run of 102 last night with an average for the night of 27 14-13. His high run for the match was 118 and his grand average 23 17-21, which is phenomenal for 18-2 balkline billiards.

DILLON IS RIGHT AFTER HOGAN IN QUEST OF FIRST PLACE

Hap's Gang Falter Once More and Batting Rally Puts Angels Up a Peg.

LOS ANGELES, Aug. 8. — Seven thousand fans saw the Angels put Hogan's crew on the toboggan yesterday by taking the second game of the series, 9 to 6. It was a batting battle, and Brackenridge, Gray and Carson of the Vernon pitching force were unable to stop the terrific hitting of the Seraphs.

The third inning was marked by a series of fireworks that threw the great crowd into paroxysms. Four hits, coupled with three stolen bases, gave Vernon an apparently safe lead, but the locals came up strong in their half and batted the ordinarily invincible Brackenridge out of the box. Boles, the Angel catcher, was the finest twinkler in the constellation. He made three hits, one of which was a double which brought in three men.

Carlisle was the first man up and was walked, after which he took second because Chech, who pitched for the Angels, could not get the ball to second in time. Kane went out and Carlisle took third on Smith's wild throw. Hosp fouled to Moore and Brashear singled infield and stole second. When Bayless doubled to right field Brashear scored. Litschi fouled to Smith.

In the third Carlisle again led the procession with a single, after which he stole second and third. He scored when Kane singled. Kane emulated Carlisle and stole second and went to third when Smith pulled another of his wild throws. Hosp singled to right, scoring Kane, and Brashear singled through Berger, putting Hosp on third. Bayless flew to Daley and Hosp scored after the catch. Litschi likewise flew to Daley and was caught trying to steal second. Thus five runs had been made by the Villagers and the Seraph stock was wavering.

ANGELS IMPROVE.

Things looked better when Howard tripled to the right field fence, and when Berger flied out to Kane, Howard completed his journey. Daley walked and Heitmuller singled to left, putting Daley on second. Moore singled to right and on every bag there stood a hopeful Angel.

Metzger flied to Carlisle and Lober was walked forcing Daley across the plate. Boles was then put in to bat for Smith and he smashed the right field fence and Heitmuller, Moore and Lober came over the home plate. Dolly Gray was put in to pitch for Vernon and Chech fanned. The score was tied and the crowd roared in delirium for five minutes.

Tiring of the neck and neck stuff, the Angels did things in the fifth. Heitmuller singled to center and Moore sacrificed. Metzger singled to center, scoring Heitmuller, and went to second on the throw-in. Lober walked and Boles singled to left, scoring Metzger. Carlisle threw to Litschi, who threw to Brashear, who muffed the ball, and Lober romped to third, while Boles ensconsed himself on second. Hogan called for a charge of pitchers and put Carson in to stem the tide. Page batting for Chech flied to Carlisle, and Lober scored and Boles took third after the catch. Howard went out.

Moore lined to Litschi in the seventh and Metzger singled infield and took second when Lober went out, Brashear to Hosp. Slagle singled to center, putting Boles on second but it was a waste of energy for Howard forced Slagle at second, and the period had been concluded.

Hogan's crew grabbed another run in the ninth, but it was too late to start anything, and the usually noisy Hogan was a study in still life. The score:

SEALS COME BACK IN GOOD GAME AGAINST M'CREDIEITES

Suter Is Wild and His Former Teammates Take Advantage of Wildness.

SAN FRANCISCO, Aug. 8. — Billyum Reidy's boys took a wonderful brace here yesterday afternoon and right off the reel began to put the crusher on the Beavers. In fact, the game was over in the first inning as far as future runs were concerned for the Seals gathered two in the round while the best the Beavers could do all day was one.

Then the Seals added four more to the string making the final tally read 6 to 1.

It was a pretty good game of ball, too. Far better than Billyum's gang has played for some time. The boys seemed to realize that they were making a joke of themselves as well as of the game and as the saying is, got wise to themselves.

Big 'Arry Suter was the heaver for the northwest crew and it might be added that Big 'Arry didn't show anything that would get him a medal as a pitcher or a medal for strongness of heart.

For the Seals it was Henley and Henley pitched a real good game of ball. Further particulars can be found in the attached score.

B. JOHNSON SAYS HE IS NOT OPPOSED TO UNIONS

CHICAGO, Aug. 8. President B. B. Johnson of the American League is not opposed to a baseball players protective association which was [illegible] at a recent meeting in New York of major league players. Johnson said last night that a union modeled on the lines of the labor unions probably would not be tolerated, but he saw no reason why players should not have an organization to proceed along the lines as "boosters" for the game.

RITCHIE AND HOGAN TO BOX FOUR ROUNDS FOR PARENTE

Lightweights Are Signed for a Short Bout at Dreamland on August 16.

SAN FRANCISCO, Aug. 8. — Willie Ritchie and One Round Hogan, lightweights, will box four rounds at Dreamland pavilion in this city on the night of August 16. It is understood that Ritchie will receive $1000 for his end, while Hogan is to receive 25 per cent of the receipts. If there is no knockout, they will be signed over again, probably for a 20 round bout, by Jim Coffroth, who is in search of an Admission day (September 9) attraction.

Notice that "if there is no knockout, they will be signed over again for a 20 round bout." Right there is a joker in this match, for Hogan and Ritchie are a bit too wise to knock each other out when visions of a 20 round bout are before them.

Of course, the fans are the ones that pay the piper, but if they are foolish enough to stand for the graft, why, they and not the promoters or fighters are to blame. Something should be done to stop these four round bouts that are framed up and pulled off just to bait the public for a bigger house and at higher prices.

CALIFORNIANS WIN EASY IN TENNIS TOURNAMENT

NEW YORK, Aug. 8. — Both the singles and doubles of the New York State Lawn Tennis championship tournament were brought level in the semi-final round yesterday. The two Californians T. C. Bundy and M. E. McLoughlin, the latter the playing-through champion, easily won their places.

Bundy defeated F. C. Boggs, at 6-4, 6-3 while McLoughlin defeated L. W. Mahan, 6-4, 6-0. The two coupled for the top bracket of the final round.

LATEST NEWS FROM OUTSIDE TOWNS

TELEPHONE FIGHT WAGED VIGOROUSLY

San Leandro Demands Reduction in the Present Tolls.

SAN LEANDRO, Aug. 8.—The rate war with the merchants of this place on one side and the Pacific Telephone and Telegraph Company, on the other is on. The first gun of the contest was fired several days ago when a complaint bearing the signatures of many citizens was filed with the railroad commission by the local chamber of commerce.

The members of the locala chamber of commerce are putting forth every effort to have the present telephone system in San Leandro changed. The petition filed with the commission was headed by nearly every citizen of prominence in the town. These signers are now working to have the telephone company improve its system.

At present Broadmoor, a part of this place is afforded a five-cent telephone rate between Oakland, Alameda and Berkeley while the residents of the main section of San Leandro are forced to pay a 15-cent toll when calling up any of the three cities mentioned.

Both sides are now making strenuous efforts to meet the coming investigation by the railroad board. The local merchants at present most actively engaged in the fight for the reduction of telephone tolls are Mayor J. J. Gill, who is president of the commerce body; W. J. Gannon, city treasurer and Attorney J. Dignan as well as several other prominent residents of this place.

Interest in the rate war is at fever heat among the residents of this city, the result of the board's inquiry being looked for eagerly.

MAIL CARRIERS TO BE DOUBLED

Richmond's Growth in Year Adds Five Men to Post-office Staff.

RICHMOND, Aug. 8. — Postal inspectors are in this city, checking over the accounts of the three local offices before the complete consolidation of the Richmond postal department takes place. One thing which has struck them forcibly is the immediate need of increasing the carrier force under the new free delivery system to at least double what it has started with.

A year ago when the consolidation was decided upon with the establishment of free delivery the postal authorities decided three carriers and one extra or substitute, would be sufficient to cover the city and the appropriation for that number was accordingly made. Since that time Richmond has shown such a marvelous growth that three or four carriers now cannot begin to cover the territory entitled to free mail delivery and the inspectors after conferring with Postmaster S. F. Jenkins state that they will make immediate recommendations to the department that additional carriers be furnished, as the receipts of the office at this time are so much larger than they were when the appropriation was made a year ago and are sufficient to warrant the employment of additional help to give a proper service.

The experience of the postal department is another example of the rapid growth of the city and shows that in figuring for the future it is impossible to make ample provisions for the growth being made. The telephone, water, power and street car companies have found time and again that Richmond is growing much faster than they calculated would be possible and their experience has been similar to this of the government.

RICHMOND NOTES

RICHMOND, Aug. 8.—Mrs. T. Park Jacobs is in a sanitarium in San Francisco, where she will undergo a serious operation. Mrs. Jacobs is one of the best known women of the city and her many friends are much worried over her illness.

Dorothy Damon leads today in the fly-killing contest inaugurated by Health Commissioner Blake among the children of the city. Up to this morning 9600 flies have been swatted.

The balance sheet of the Lauritzen new ferry service between Richmond and San Francisco shows a handsome profit for last month, as against a large loss for May and a lesser one for June. Captain Lauritzen will now endeavor to raise money for dredging out the channel to a greater depth and will ask the city for $7000 for that purpose, H. C. Cutting having agreed to furnish dollar for dollar as much as the city will give. [illegible] boats can be put on and be operated [illegible] to the building of the inner harbor.

While playing in the slough near the new grammar school on the west side [illegible] evening John Gillick accidentally fell into the water. He is but 6 years of age and although the water is not deep would have drowned had not help arrived. The accident was seen by several workmen at work on the school building and they effected a rescue.

'KIDDIES' GET SWEETS GALORE

Police Captain Distributes Goodies to Orphange Children.

MELROSE, Aug. 8.—Captain Thorwald Brown, accompanied by several friends, started in a rig for the Fred Finch orphanage. In the rear of the buggy reposed a mysterious looking bundle which to onlookers appeared to be some sort of contrivance of the dreaded "Black Hand." There were some who thought the Captain was on an expedition for the extermination of a gang of villians. But they were wrong.

The Captain drove swiftly along the road until he came in sight of the Fred Finch orphanage. His rig had hardly been sighted by the inmates of the orphanage, when sixteen small lads and lassies, all under six years of age, ran into the road shouting cries of welcome to "Cap'n Tom." The Captain answered the little people with a glad shout. He stopped the rig and upon alighting was immediately beseiged by the tiny children who crowded about him in joyous anticipation, for when "Cap'n Tom" comes along sweets always accompany him. The "kids" were not disappointed. Removing the covering from the mysterious package in the rear of the buggy "Cap'n Tom" disclosed to a view 16 bottles of the "best-est" kind of soda water. In addition to the pleasing array of full soda bottles "Cap'n Tom," from a secret pocket, drew forth a number of bags of taffy.

"O-o-o-oh," from the orphans, greeted this pleasing disclosure. And then "Cap'n Tom" began giving out the candy and a bottle of soda water to each child. The sigh changed to cries of delight and pleasure. The noise of the children soon quieted, however, as each attended to the task of disposing of his or her sweets.

"Cap'n Tom" is considered by the orphan inmates as the greatest hero on earth.

RESTRICT STORES IN PIEDMONT TOWN

Land to Be Bought by Corporation for Mercantile and Church Purposes.

PIEDMONT, Aug. 8—Residents of Piedmont are invited to become members of a corporation for the purpose of securing a site for an interdenominational church and for the location of the future stores of the city, which are to be erected and controlled by the corporation.

The property selected is known as the Loring tract, containing about two acres and located on Highland avenue, opposite the entrance of Piedmont park. It is owned by Frank C. Havens, who has offered the property for this purpose for $25,000.

The tract is divided by the street car track into two portions. The acre and a half east of the track is to be given to the interdenominational church on which to erect a church and parish house, with spaces for a tennis court and open-air gymnasium.

The crescent shaped portion west of the car tract and fronting on Highland avenue is to be used for a business block. This has a frontage of about 400 feet, capable of accommodating a dozen or more stores.

Recognizing the fact that sooner or later stores will invade this exclusive residence district it is the idea of those originating the scheme to restrict business to a definite section and to protect the city from the invasion of cheap and unsightly stores, jutting out to the sidewalks, spoiling lawns, cutting off the view and filling the street with litter. According to this scheme any one desiring to do business in Piedmont can arrange with the directors and have a suitable building erected.

Attention is called to the fact that a reasonable investment will secure to the investor a fair financial return. It is proposed that the church site shall be deeded intact, and that the remainder be retained by the corporation, composed of the subscribers, who shall develop it according to their own inclination and receive the profits on their investment, this portion to bear the whole cost of the $25,000, which with the grading and the erection of the first stores will make the total investment about $33,000. Those back of the movement are W. M. Alexander, R. J. Tyson, M. L. Requa, J. B. Richardson, L. H. Norris and Rev. J. E. Stuchell.

Important Notice to Voters of Registration

Office of John P. Cook, County Clerk, Oakland, Alameda County, California.

Notice is hereby given that in accordance with the provisions of section 1094 of the Political Code of the State of California, all voters of Alameda County must apply for re-registration in order to be able to vote at the primary election to be held on September 3, 1912, and for the general election to be held on the 5th day of November, 1912.

Owing to the fact that there is no provision of law granting assistance to the County Clerk in the registration of voters, it is important that voters should apply for registration at once, in order to expedite the work.

Such re-registration began on the first day of January and will be in progress at all times until August 3d, 1912, for the purpose of enabling voters to qualify for the primary election, after which registration will again open and continue until October 5th, 1912, for the purpose of enabling voters to qualify for the general election to be held November 5th, 1912.

The attention of voters is especially directed to the recent decision of the supreme court, in which it is held that all voters must have registered this year in order to join in the signing of any certificate of nomination in behalf of any candidates for public office to be voted for at the primary election, to be held September 3d, 1912.

Attention is further directed to the following provisions of the Political Code of the State of California, relating to registration:

Section 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost or out of his possession, which affidavit must state the place of his nativity, and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county, or city and county at the next succeeding election; provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties or cities and counties of this State, and shall produce a certificate of such registration, issued by the party authorized by law to issue such certificate, which shall recite the time and place of naturalization of such elector, such certificate shall be prima facie evidence of his naturalization. In the event that such naturalized citizen shall state in his affidavit that he was naturalized in the county or city and county in which he seeks to register, or in the event that he was previously registered within the preceding eight years within the county or city and county in which he seeks to register, and his certificate of naturalization has not been revoked, he shall not be required to produce his certificate of naturalization, nor to make such affidavit of lost certificate in lieu thereof, provided, however, that in any county or city and county where the affidavits of registration have been destroyed by fire or conflagration, or other public calamity, the above stated provision as to previous registration within the preceding eight years shall in such county or city and county, apply only for such number of years past as there shall exist a record of previous registration, and not to exceed in any event said eight years.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In all other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election. Such affidavit must be made before the county clerk or officer charged with the registration of voters, or their deputy. If any elector is absent from the county in which he claims residence, he may appear before any judge or clerk of any court of record, or notary public, or if in a foreign country, before any minister, consul or vice-consul of the United States, and make and subscribe an affidavit as to his residence, specifying in what ward or precinct he claims residence; that he will be necessarily and unavoidably absent from said county, or city and county, on all the days allowed by law for general registration of electors, and setting forth in such affidavit each and all the matters required by section one thousand and ninety-six of the Political Code of the State of California, and forward such affidavit, duly authenticated as above, by mail, enclosed in an envelope, addressed to the county clerk of any county, or the registrar of voters in any city and county. Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration, it shall entitle the name of such elector to be entered by the clerk in the proper register in such precinct.

5. In every case the affidavit of the party must show all the facts required to be stated in the entry on the register, except the date of the entry.

Further notice is hereby given that affidavits of registration must be sworn to before the County Clerk or his deputies and that they cannot, owing to the provisions of the registration law, be sworn before any other officer.

The office of the County Clerk will be open for registration until further notice from 9 o'clock a. m. until 5 o'clock p. m. of each day, except Saturdays, on which day the office will close at 12 o'clock noon.

Dated: March 11, 1912.

JOHN P. COOK,
(SEAL) County Clerk.

DEPUTY SURVEYOR HASN'T RESIGNED

Duncan E. McKinlay Denies Reports of Col. Blinn's Retirement.

SAN FRANCISCO, Aug. 8. — Surveyor of the Port Duncan E. McKinlay today denied absolutely well founded rumors of the proposed resignation of his chief deputy, Colonel Charles Blinn.

"Colonel Blinn is my deputy and I am the only one who has the power to remove him and I have no intention of doing so," said the surveyor.

John Stone has been placed as a general supervisor over the inspectors on the dock, and this, according to McKinlay, is the only change that has been made. Colonel Blinn, he says, is to retain the position he has heretofore held and will still regulate the opium traffic and lay plans for the arrest of smugglers.

It was rumored that Colonel Blinn had sent his resignation to Washington. It is claimed here that such a document would naturally go to McKinlay, although an application for a pension on the part of the veteran official would likely have to be considered by the Washington authorities.

Collector of the Port Frederick Stratton was not in his office this morning and could not be interviewed on the subject.

ANTI-SUBSIDY BILL ADOPTED

WASHINGTON, Aug. 8. — Senator Johnson unsuccessfully attempted today to make the Senate sit continually until the Panama bill was finished. He declared the Senate should be compelled to act on the canal legislation rather than talk.

Senator Williams offered an amendment to permit foreign-built ships owned wholly by Americans to participate in the privileges of coastwise ships. It provoked an acrimonious passage in which Senator Martin was accused by Senator Williams of making a protectionist speech in favor of Virginia shipyards.

The Williams free ship amendment was defeated by 38 to 10. Senator Williams then offered another, to admit to American registry American owned ships of foreign make which are engaged exclusively in foreign trade.

Another fight developed against the Senate committee's amendment to exempt from tolls American vessels in foreign trade whose owners agreed to turn them over to the government in time of war.

Senator Smith, of Georgia, declared that under the Williams' amendment just adopted, Americans could buy ships anywhere, put them into the foreign trade and escape tolls at the canal. This latter amendment was adopted, however, 37 to 23.

Senator Gallinger then reintroduced his anti-subsidy amendment and was adopted without opposition. It provided that foreign-built ships admitted to American registry under the terms of the Williams' amendment, should not receive United States mail subsidies, unless they were suitable for conversation into armored cruisers.

The second Williams' amendment was adopted 34 to 24. Many Republicans voted for it, expressing their belief that it would enable many foreign battleships to fly the American flag without bringing the cheaper shipbuilding of foreign nations into competition with American plants.

Lower tolls for ships through the canal "in ballast" were proposed by Senator Johnston of Alabama, and an amendment was adopted to authorize such reduction in rates.

The funeral services of George F. Armstrong, pioneer resident, who died at the home of his brother, Charles Armstrong, 952 Twenty-eighth street, were held yesterday at his late home, 2392 Folsom street, San Francisco.

During his residence here he took an active part in the civic affairs of the city besides following his profession, and was well known in all parts of the state. He was a charter member of the Oakland Guards, serving as an official of the body since its organization.

Armstrong is probably best known through his paintings of Lake county, a number of which are now hanging in the Ferry building in San Francisco. He has painted many beautiful canvases of the scenic beauties of the state, a number of which are now on exhibition in galleries in the southern part of the state.

He is survived by a widow, Mrs. Amelia Armstrong, two daughters, Mrs. Geo. Miller and Miss Freda Armstrong, and a son, F. B. Armstrong.

MOUNTAIN CLIMBERS LOSE WAY; NEAR DEATH

TACOMA, Aug. 8.—Frank Frink of Portland and Leopold Busch of Seattle, nearly lost their lives on Mount Rainier Monday, both former Swiss Alpine climbers.

The men had followed behind a party led by Guide Joseph Stampfler starting at 12:30 for the top, despite a heavy fog, but lost their bearings 200 yards from summit, and wandered far from the regular route. Their cries were heard by the Stampfle party as it descended, and they were rescued from the foot of a steep em bankment.

One of the worst windstorms in years was raging about the mountain and at a point a quarter of a mile above Gibraltar the Stampfler party had to crawl on hands and knees through the snow to save themselves from being blown off the mountain side.

READING FEATURE OF N. Y. EXCHANGE

NEW YORK, Aug. 8.—The feature of the market again today was the activity and strength of Reading, which was accumulated in large lots at advancing prices. Lehigh Valley moved in sympathy. Harriman stocks were in demand, while Hill issues ruled firm. Steel moved irregularly with improvements in coppers. American Tobacco was weakest of the specialties and Sears-Roebuck strongest.

The feature of the noon hour was the demand for shares of various southern railroads. American Tobacco more than recovered its early loss, and Westinghouse was up over three points but the more active issues failed to respond to this movement.

Southern Railway preferred yielded some of its advantage in the afternoon, but others in that group held steady. The rest of the list was dull and featureless, save for a decline in Liggett-Myers.

The market closed heavy. The unfavorable Harriman statement caused a general sagging of prices to the lowest level in the last hour, numerous leading issues selling under yesterday's final quotation.

Bonds were irregular.

'DRUMS OF OUDE' SCORES HEAVILY AT THE ORPHEUM

MISS E S. L'ESTELLE

"Shots heard 'round the city' may well describe the effect of the battle that closes 'The Drums of Oude' at the Oakland Orpheum this week. Never has the fame of a splendid vaudeville playlet spread as in the case of the Belasco-Strong tabloid. From one end of Oakland to the other the word has been passed from mouth to ear and mouth to ear that 'The Drums of Oude" is one of the finest pieces of stage work the Orpheum has put forward in many seasons. The piece has "caught on" with the theater-going public, the result being a record week in attendance for the Twelfth street house.

David Belasco's wonderful stage touch is to be recognized from curtain to curtain in "The Drums of Oude." Atmosphere, a subtle thing that can be created behind the footlights only by masters of the craft, fairly runs riot through this Orpheumoid. The unknown and unnamed horrors of India are conveyed to the audience in wonderful ways. Purple-gray lights cast a spell over the audience, the deadly beating of a native drum sends forth a message of blood, eyes of Indian servants flash their hatred. Two minutes after the curtain is up the audience is wrapped completely in a blanket of mystery.

CAST IS NOTABLE.

Belasco has engaged a company in which are E J Radcliffe, Jack Standing, Harry Rose, John Thompson, William Phillips, H H McCollum and Eleanor Scott L'Estelle.

"The Drums of Oude" has been branded, by local critical theater-goers, the most vital contribution to vaudeville stagecraft in years.

There are other great acts on this week's bill and that of Lew Sully is a close second to the Belasco contribution. Sully is the same old jollier, three hundred pounds of him and a cigar. It's not the same cigar, however, alarm is not necessary. "Feminine Fads," which is the tag Sully has placed on his act, consists of many things that are feminine, many that are masculine and all of which are hilarious. Sully does an Alice Lloyd burlesque that sends his audience into hysterics. There will not be a grouch in Oakland when he finishes his engagement, this week.

Scalby and Duclos, in a series of dances that are startling, have registered a touch down. Their version of the Apache dance of Paris is probably the best ever seen here. The woman of the team is a bundle of grace and athletic skill. Her terpsichorean efforts are a combination of both.

Winslow and Striker, on skates, introduce ... their act with pleasing effect. Bobby and Dale, gingery patter-box, please with snappy conversation and music. The Four Florimonds, equilibrists and jugglers, make good with an act of wonder and surprises. John Reidy and Elsie Currier have a brilliant musical act. Inez Ethel and One, Those Three Girls,' have delightful voices and catchy dances.

The Orpheum announces the coming of Mrs Louis James in a new comedy, "Holding a Husband." Mrs James, who has made friends by the thousands throughout the United States, is seen to advantage in this latest from the pen of Arthur Hopkins. "Holding a Husband" has been acclaimed as one of the best things Hopkins and Mrs James have done.

Clement P Rowlands the great baritone, will make his debut in vaudeville next Sunday. Theater managers have often in the past made many offers to Rowlands but it remained for the Orpheum company to capture his services. He has consented to sing for one week under the auspices of the Oakland management. He will ... great drawing card in this city. There will be many other new acts on the program next Sunday and the entire show looks like one of the greatest the Orpheum people have ever sent to Oakland.

ALLOWED TO TAKE HER MAIDEN NAME

Mrs. Lora R. de Pierris Now Miss Lora Rovina Hall.

Superior Judge Brown has granted Mrs Lora Rovina de Pierris, a literary woman the right to resume her maiden name and henceforth she will be known as Miss Lora Rovina Hall.

The husband of the former Mrs de Pierris was Wesley Smith de Pierris, a traveling salesman, who was permitted to obtain a divorce by default. Miss Hall was advised by friends in Alameda not to contest the action and she learned too late that the advice came from friends of her husband. She denied the truth of her husband's charges and declares that were she permitted now to take the stand the case would be given an entirely different aspect.

The petition, as drawn for her by Attorney H L Hagan, alleged that Mrs de Pierris' career as a writer was being badly hampered by the name that she expected to come into a fortune in the east in a short time and wanted to be ready generally for a hopeful future.

PORTLAND 'PHONE RIVALS WAGE WAR

Pacific and Home Companies Whet Knives for Battle to Death.

PORTLAND, (Or), Aug 8.—War to the death between the Pacific States and Home telephone companies for control of the situation in Portland is on. The battle has raged since last May, but the fact has only just become public by the case getting into the courts. In May the Home Telephone Company obtained from the Multnomah, the Portland, the Imperial and the Oregon, Portland's four biggest hotels, contracts for the exclusive use of Home telephones in the rooms of these hotels.

The first step was taken Monday by the Multnomah Hotel Company when a force of employes of the Home Telephone and Telegraph Company started the work of substitution. The Pacific States Company thereupon went into the Circuit Court for relief, setting up a three-year contract with the R. R. Thompson Estate Company, entered in to January 11, 1911 and asking for an injunction. A temporary restraining order was obtained.

When the Home Company signed up the hotels last May, the Pacific States Company, realizing the great prestige that would accrue to the Home Company should its plans be perfected, enlisted the aid of all the finacial institutions whose services it could command to offset the attack of its adversary.

HYPNOTIST SCORES AT BROADWAY THEATER

Among the laughing hits at the Broadway opening yesterday, is Albutus, a hypnotist, whose methods and accomplishments place him in the very front ranks. His demonstrations are new and every one a beautiful demonstrations are marvelous and border closely on the marvelous and boarder closely on the supernatural.

The heavily underscored act on the bill is Bert Wiggins, a comedy cartoonist and juggler. The Newmans open the show with a novelty bicycle and unicycle act. They offer several new stunts, and there boxing finish is a "scream."

Ed Dale, blackface comedian takes advantage of opportunity. Francis again introduces a novelty and appears in an illustrated Indian number in costume.

ARMY PLANE IS SUCCESS.

MARBLEHEAD, Mass, Aug 8.—The new war aeroplane yesterday succeeded in overcoming the difficult quick climbing qualifications in the government's new contract. Philip Page, the aviator, drove the machine, weighing a tonñ to an altitude of 2052 feet in ten minutes. The government required that an aeroplane reach an altitude of 2000 feet in ten minutes with this weight.

WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but dreaded it so that I began taking your Compound. I got along so well that I gave up the ... from the operation."—Mrs. CHARLES MOORE, R. R. No. 3, Murrayville, Ill.

Don't Drink Common Beer in Light Bottles Drink Schlitz in BROWN BOTTLES

You wouldn't think of drinking impure water.

Why not be sure you get pure beer? If you drink beer from a light bottle that has been exposed to light, you are not sure.

Light starts decay, even in pure beer.

Schlitz is brewed in the dark, aged in glass-lined steel-enameled tanks. Every tub, vat and tank is scalded every time used. Every bottle is sterilized after it is sealed. Even the windows in our bottling plant are of brown glass.

The Brown Bottle protects Schlitz purity from the brewery to your glass.

NEED HOMES FOR BOYS AND GIRLS

Probation Office Issues Call for Places for Young People.

The Probation Office has issued a call in the matter of both homes and work for a number of girls and boys. Many of the problems that are passed up to the probation office by various agencies can be solved only by finding a home and a living for the child involved and sometimes this presents a peculiar problem.

For instance a home is wanted for a deaf and dumb girl of 14 where she can earn her food clothing and shelter together with sympathetic interest. Several Catholic homes and several Protestant homes for girls who are to go to school and earn their way by work out of hours are wanted. The law prohibits children under 15 from being kept out of school. No homes are wanted out of Alameda or San Francisco counties.

Many boys' problems seem capable of solution only by applying the catch word "back to the land." Farms or ranches where a boy will have homelike associations and live with the family and work for a small wage over his 'found' are desired. Such homes are desired close at hand in order that the probation officers may keep in touch with both employers and the boys. Many of the boys in question have had considerable farm experience before they lived in the city.

Persons needing a girl or a boy and who will take a friendly interest in one should call, write or telephone to Miss Rich or Olie Snedigar at the Probation Office, 419 Nineteenth street, near Broadway.
